The 1943 Maple Log

In this day of unprecedented opportunity it is our desire to portray life at Maplewood in such a way that it may live again in the years to come.

If this book of memories will create in you a desire to secure, or continue in, a Christian education, then the hours spent in its production have not been in vain.

*O, M.W.A., we love you;
Our heartstrings round you cling:
No matter where we wander
Your praises we will sing.
Your teachings bind us closer
In hope, and faith, and love,
And guide us to the pathway
That leads to the home above.*

—Gertrude Carberry.

Dedication

Because he has inspired us with
greater confidence, led us to
higher ideals, and given us a
broader vision of life's purpose,
we proudly dedicate this book
to our principal,

D. J. Bieber.

Principal's Message

TODAY thousands of young men are receiving their marching orders—marching orders to serve this, your and my country. Seventh-day Adventist youth have long ere this received marching orders, for Christ commanded “Go ye therefore and teach all nations . . . teaching them to observe all things whatsoever I have commanded you. . . .” This call has become a mighty challenge to thousands of Seventh-day Adventist youth. The challenge today is even greater—unprecedented—for the transpiring events are unprecedented. To accept such a challenge calls for consecrated young men and women—consecrated to God and duty—who have fitly prepared themselves to face the gigantic problems of this crisis hour.

To prepare young people for such problems, modern schools of the prophets have been established. In these schools, students may first and foremost, sit at the feet of the Master teacher and learn of Him; second, develop their mental capacity to enable them to do efficient service for mankind; and third, develop a strong physical body to endure the hardships of this time.

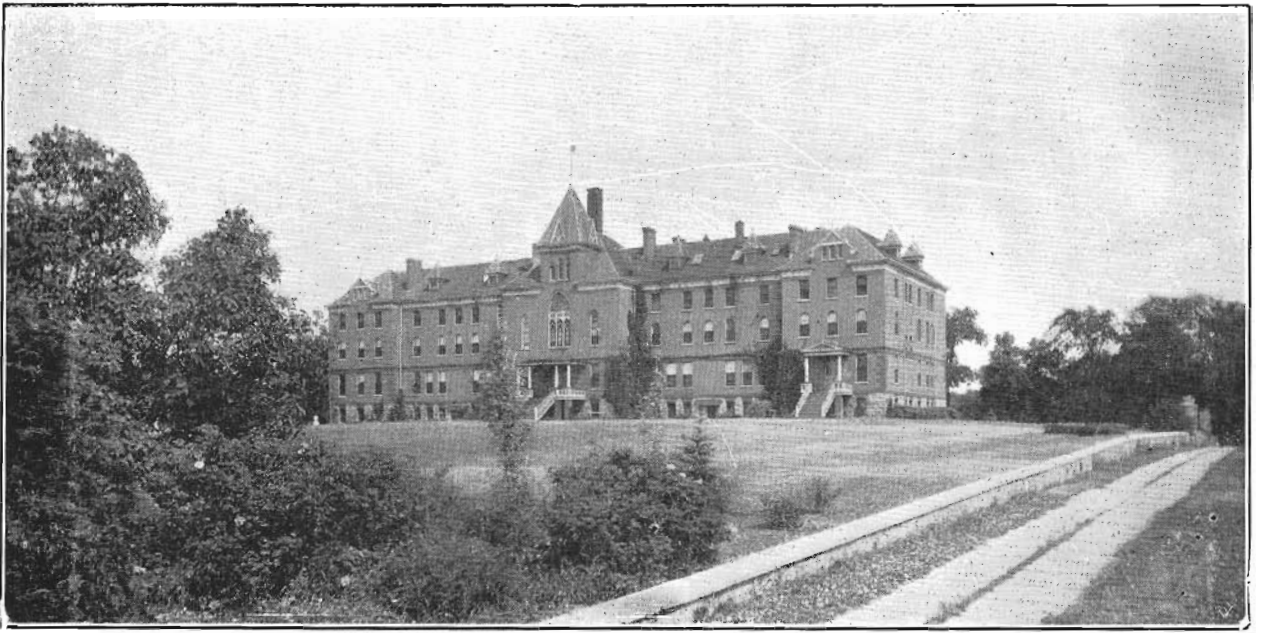

Maplewood Academy is proud of its school and its students. It is proud of the hundreds of graduates who have left the doors of Maplewood to go into greater fields of usefulness. May success and happiness follow the graduating class of 1943 in whose honor this year book is published. May many pleasant memories come to this class and every other student represented in this annual, and as you turn these pages may the high ideals and noble standards of Maplewood Academy ever be brought to view. It is the wish of your principal that many young people may be inspired, as a result of this *Maple Log*, to join the ranks of the hundreds who have gone before, and who have prepared themselves for Christian service.

7 HEY "help and cheer us in our way"—the way which leads from class to class, from day to day, from year to year. Although they are our teachers during school hours, they never cease to be friends, confidants, class advisors, and spiritual directors. They help plan our activities and enter into them with enthusiasm.

It is not only the subjects they teach for which we remember them, but also the part they play in making this our school, in making these happy days. Their unfailing understanding of our problems, their sharing of our hopes and their delight in our successes make us proud to present here,

THE "line of least resistance" is one of our vicious enemies in the present world conflict. We are prone to feel satisfied with our war efforts, which usually constitute the minimum of our energies.

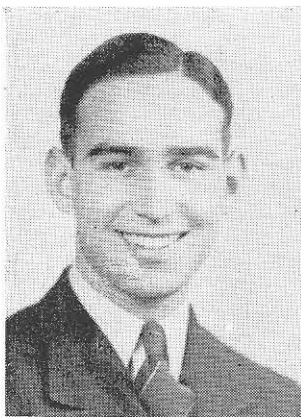

Recognizing that students may give no thought whatsoever to contributing something toward Uncle Sam's victory on all fronts, the Senior Class has erected a war stamp booth and placed it in the central lobby of the school for stamp sales. This is a constant reminder of our American duty to our country and also ushers into the lives of many a systematic plan of war savings which not only insures victory for the United Nations but also makes provision for greater financial stability in the future.

OUR WORLD-WIDE Sabbath School is a university of learning in the Sacred Scriptures. The many lessons of our Lord from the eternal past to the eternal future, are studied in the daily Sabbath School lesson. What a blessed privilege for God's people!

As in all branches of the Third Angel's Message the Lord has given us an opportunity to serve Him even in the Sabbath School. The Hutchinson church is outstanding in the work of Investment, winning the "Class A" banner for three successive years—1940, 1941, and 1942. A burden for the salvation of lost humanity is the impetus that spurs this Sabbath School on to new peaks of untiring activity.

We are proud of Maplewood's Missionary Volunteers. Throughout the year they have taken an active part, not only in making interesting programs, but in filling their places in other branches of other M. V. work.

In the Seminar, a branch of the M. V. society, there has been a regular attendance each Friday night.

The Sunshine bands have been appreciated in several homes.

MAPLEWOOD ACADEMY

April 30, 1943

DEAR FRIEND,

Maplewood!! That name has a strong attraction for seven hundred fifty-seven young men and women who have left as Seniors during the past thirty-six years. This is the reason why a strong, active Booster Club is organized each year.

We have learned to love Maplewood dearly, but we must leave and go on to other work and study. We want you to come and take our places. We know you will want to come after the Booster Club has told you about the worship periods, the class programs, and the social activities.

The Booster Club members are not idle during the summer. Not at all!! You are certain to receive one, but more likely, many letters. It makes no difference whether you live in the largest city of Minnesota, or on a tiny farm up in the northern woods. The Booster Club reaches everywhere. Its members are active.

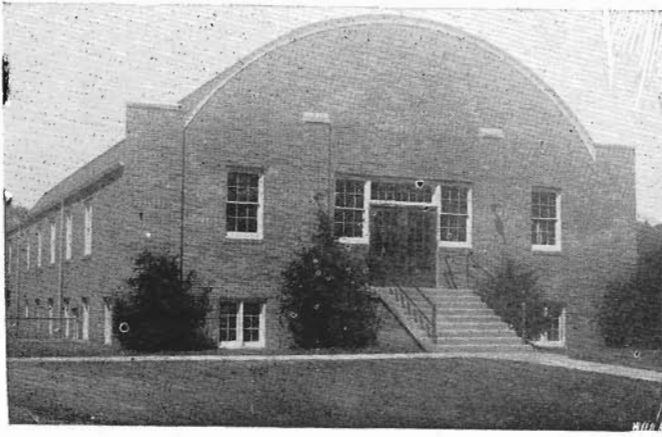

The largest reward for their efforts will be seeing you enjoy the opportunity to obtain an education for Christ's service. There could be no larger. Yet another pleasure awaits them in the fall. One class will sit at the honor table at the Booster Club Banquet, but every member of the club will be included in this occasion. All "Boosters" who have earned awards and pennants will receive them.

We like the busy, happy, enthusiastic spirit of Maplewood, and we know you will want to be a part of it.

Maplewood is waiting for you.

Sincerely,

Marjorie Livingston

Many of us as students, in the joy of receiving this, the latest edition of the *Maple Log*, fail to realize that it would not be possible were it not for the courtesy and business of our advertisers.

We now meet the business people with whom we have, as students or as a school, done business during the past school year.

◆ The health of our nation is of the greatest importance right now. Surgeon General Thomas Parran said recently: "We shall need, in the days to come, rugged health and courage such as the world has never seen." The need is greater than ever before, and the problems of healthful living are increasing as scarcities develop in food, fuel, and clothing.

◆ Our health message is streamlined for such a time as this, and is presented most attractively in *LIFE AND HEALTH*. Now that subscriptions are selling at \$1.50, and single copies at 15 cents, colporteurs are enjoying a much appreciated increase in earnings.

◆ Selling five-year subscriptions on easy payments has proved a real success.
