DEDICATION

Maplewood Academy
Hutchinson, Minn.
May, 1951

Dear Faculty,

What would we, the student body, do without such understanding faculty members as you have been? You have always been willing to help us or counsel with us whenever we were in trouble. Our difficulties and problems seemed so large and unsurmountable, but you have made them so easy to understand.

You have acted as our parents for the past nine months and you have taken their places as well or better than anyone else could have done.

For all this and much more we thank you. To show our appreciation we take pleasure in dedicating to you this, our 1951 MAPLE LOG.

Sincerely,
The Maple Log Staff
