FOREWORD

We are pleased to present to you the Maple Log for 1955. Through its pages we have tried to bring you the story of life at our academy. May the words and pictures inspire other youth to obtain a Christian education at the school we love.

Mrs. Charlotte Link

In Memoriam

With sincere appreciation and deep regret we commemorate the life of this devoted teacher and true friend of Maplewood Academy. Her life will long be remembered by those who knew her and loved her, for "she touched nothing that she did not adorn". She enriched our lives and inspired the young people of Maplewood Academy to use their talents for the glory of God and His service. As we see the vacant chair by the piano now, we anticipate that new and glorious day when she will be seated at that heavenly grand piano—helping us sing the Song of Redemption in the earth made new. We will long remember her eight years of faithful, untiring, cheerful service at Maplewood.

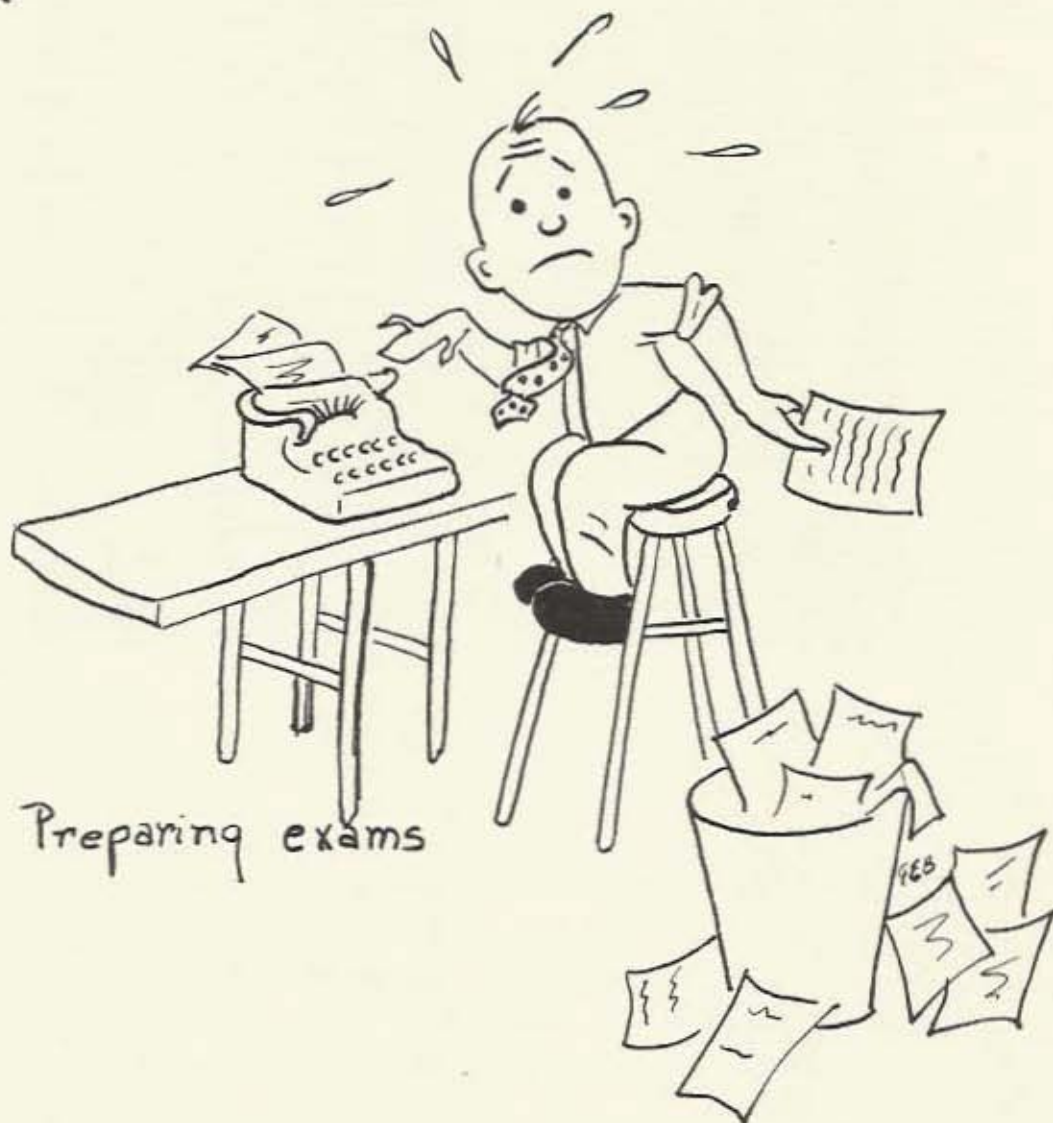

DEDICATION

Mr. and Mrs. Milo Hill and Cherie

Because of your untiring efforts to bring to our students the best in musical activities, we — the students of Maplewood Academy — are happy to dedicate to you, Mr. Hill, our Maple Log of 1955.

Administration

At Maplewood.....

We have opportunity to develop under Christian teachers.

Principal's Message

"True Education is a process of converting facts into faith, theory into experience, skills into more abundant living."

Maplewood Academy has her industrial program, her scholastic schedule, and her weekly religious activities to which all students are invited to participate. This service leads to the "more abundant life," such as God longs to give His children.

The desire of every teacher is to do all he can to contribute to the development of such an education—the more abundant living. We are anxious that Christian graces be developed in each student's life, for "a Christian should not merely be the world's light, but the world's fountain: dispensing the Water of Life on every side, and making the barren wastes blossom as a rose — — — he waters the world's wilderness as he moves along his peaceful course."

This pattern of character building is the same today as of yore. Israel was reminded that obedience to the commandments of God was their wisdom and knowledge. This is the source of all our training.

Students of Minnesota, this is our objective as teachers, to lead each one of you to this source of wisdom that you may enjoy this more abundant living here and in the world to come.
