

Graduation Thoughts

Graduation comes every year with mixed feelings. Sad because it's time to say good-bye to all the friends you've made, but also happy because the long school year is finally over and summer is just around the corner.

This year, all of us kids felt quite close to each other and graduation was anticipated to be a very tearful time. If any of you went through the reception line (or better still, the crying line) you know it was a time filled with tears and good-byes.

That's where I think we as Christians really have something to look forward to; because we know we have a promise that we can claim at graduation or any other time. That promise is, if we are faithful to God we will have a home in the *NEW EARTH* some day where no one ever has to say good-bye or shed a tear.

Sharon Coyle

It could have been just any other week end at Maplewood except we were practicing marching all week so we got the feeling that something different was going on.

If you were a Senior you kept thinking; "is this what I've been waiting for for four years - is it happening already?" You don't feel like a Senior but you're trying hard.

Marching up you felt proud, anxious and excited, trying to look solemn but happy, which got a little tricky.

Friday night you look down the long line of Juniors realizing this is only the beginning of a very exciting weekend.

Worrying about keeping in step, keeping your hat on straight and not breathing in your tassel.

My favorite program was Saturday night when we honored our parents. Saying things you've always wanted to say to those you love.

Sunday — Commencement — the day you waited for, still you don't feel like you're a Senior. You go up - you listen, you try, but really don't hear what the speaker has to say.

You wait, clap for your classmates. And then your name is called. You walk up and shake the principal's hand, take that black folder, and it's over. What you've waited for for years is done and now just a good memory. You'll never have all your friends around you the same as at school and you're saddened by that - but you're looking forward to what the future has in store. May God bless our class of '76 because we need His blessing.

Marie Waller

Senior Activities

What have the Seniors done? Well, I'll tell you...

It started off with Bob Staeheli writing to Elder Brass who lives in Wisconsin, just over the southeastern border of Minnesota. Elder Brass had started a new self-supporting academy. So new in fact, that outside of a remodeled cow barn, the only thing they had up was the girls dorm basement. This presented a perfect opportunity for the spirit of '76 to go to work. So six Seniors, Barry Bacon, Bob Staeheli, Trish Tallant, Sheri Wadell, Jerry Groeneweg, and I, along with our sponsor, Mr. Luekert, were soon off for three days to lend a helping hand to Elder Brass and Alpine Springs Academy.

Rain heralded our first day there so we cleaned up some strippings and cut some blocks of wood to help lay the footings for a greenhouse. The next couple of days though, were different. We had three projects that we were working on. They were cleaning up a pond, throwing sawdust out of the girls dorm basement, and laying the footings for their greenhouse. It was hard work but it was fun digging in the mud and clay, getting sawdust all over yourself as well as out of the basement, and pulling oodles of weeds out of the pond. All the while the motto of Alpine

Springs kept running through our heads: "Think not of reward, but of service." We weren't rewarded monetarily, but we were rewarded and blessed with great new friends and the feeling of accomplishing something.

When we got back from ASA, the Seniors, along with quite a few underclassmen, decided to continue in the spirit of things and do some beautifying of Maplewood. We straightened the flagpole and painted it, fixed up the pond and the fountain, and planted flowers all around the administration building and the campus. When graduation time came, Maplewood hadn't looked so good in years.

All in all, I'm sure God blessed the work of everybody this year and I'm sure the spirit of God's work will be carried on next year.

Clinton Anderson

Graduation Weekend

As usual graduation weekend started out muggy, hot and sad. Excitement mounted as underclassmen received the "honor" of ironing seniors robes. All the services were beautiful, especially Friday night and Sunday morning. Friday night was the candlelight service with Pastor Rich Carlson as speaker. For church, Dr. Brize, presented the message. Sabbath afternoon Choraliers performed, and for vespers the Juniors displayed many talents. Saturday the class of '76 had a bicentennial entrance with a salute to the parents and slide of their Senior trip. Then came the sad morning of the commencement service, tears flowed freely, as old friends said good-bye for maybe the last time. As the cars were loaded up and driven away, the Maplewood Campus once again grew still until next year.

We hope to see you all then.

Michelle Andersen

JANIS HILL

Who would want to go visiting in Texas for awhile after graduation, then decide on what she might like to do for the rest of her life? None other than **Janis Marion Hill!**

Janis may have alot of likes, but onions she just *can't* stand! She does like dry or cooked cereal, the color blue, and Mark Rea and Janell Nakazono. Both she got acquainted with as close friends her second year here, her Junior year being her first year.

Janis came bounding into this world on April 23, 1958, into the arms of her parents, Bonnie Lou and Arthur Hill, in Brownsdale, Minnesota. They now live in Minneapolis.

Janis will always be remembered as the faithful monitor on third, her job this year. We'll miss you **Janis!** God be with your future plans.

MICHELE WENZEL

Michele Wenzel was born September 10, 1958, in Milaca, Minnesota, to Vernon and Rosa Wenzel.

She joined us here at Maplewood for just her Senior year, but she's not sorry she came -- neither are we! She's added a lot of fun to choir and choraliers for some people besides just around the campus.

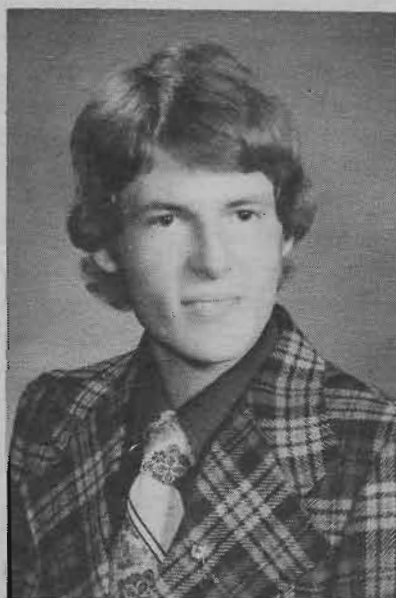

Whatever you end up doing in the future we wish the best for you **Mickey!**

Maplewood has done a lot for **Barry**... and **Barry** has done a lot for Maplewood. **Barry John Bacon** has gone to M.W.A. for three years and during those years he has been very active in music, sport, and various organizations.

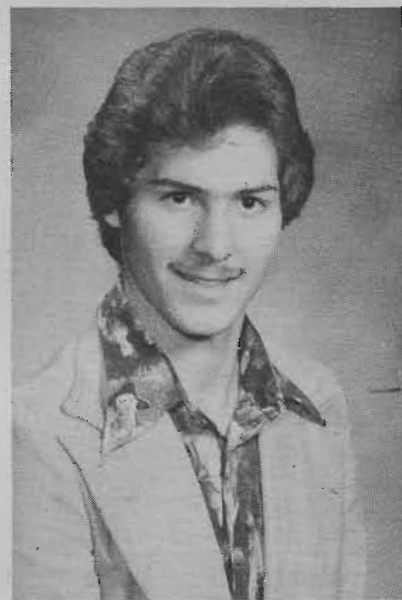

Born to Doris and Edward Bacon on March 8, 1958, he claims Two Harbors, Minnesota, as his present address and New Jerusalem as his home address. He enjoys music, nature and gardening as pastimes and his favorite things to eat are none other than granola, apples, and rhubarb. Among his favorites are short pencils, the colors steel blue and navy blue, and talks with friends about his Best Friend.

Barry's advice to the underclassmen is; "With all of it's good points, out school is still far from perfect. It's up to you now to work with your parents and teachers to uplift this school to what it ought to be. There are many things to do, but don't get discouraged." And to the school he wants to say, "Thanks Maplewood, for all you've meant to me, the association with teachers and students who are travelling on the same road as I am has made any sacrifices seem insignificant. I have found eternal friends here, including the Best Friend. I'll miss you Maplewood."

We'll miss you too, **Barry**, and wish you our friend Jesus' protection and care in all your future plans. Thank you for all you've meant and done for Maplewood!

BARRY JOHN BACON

BOB STAEHELI

Well, **Bob**, it's been a good year, hasn't it? **Robert Joseph Staeheli** said that Maplewood has done alot for him, but we think it just may be the other way around. He has just been here a year, but during it he has been involved in choir, band (he's a *very* good drummer), intramurals, and was elected the pastor of his graduating class.

Bob was born in St. Paul on May 31, 1958, to Robert Staeheli and Carolyn Staeheli, and now reside in the city of his birth. Rigatoni (he tells us it's an Italian dish) is his favorite food, Elder Reid his favorite teacher ("A man after my own heart"), and chocolate brown his favorite color. "People who complain and are not willing to change the problem themselves", are his least favorite. **Bob** says his favorite people are the class of '76 and his second favorite people, all the kids at Maplewood.

Bob plans on going to Union next year to take up medicine. For those of us who know him, we know he will be a great success in it with Gods guiding.

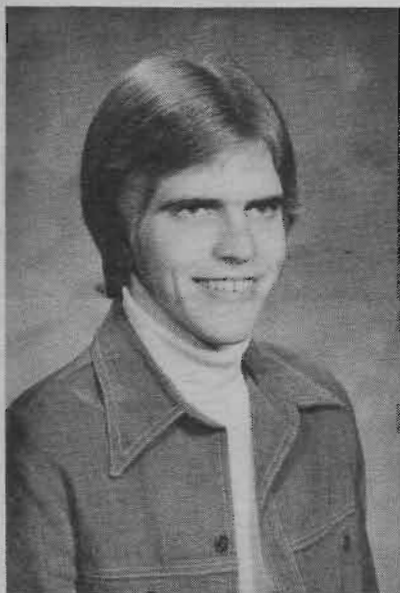

On July 28, 1957, **Clinton Lewis** was born to the happy parents Wesley and Harriet Anderson. Being the first child born in their family, **Clinton**, brought much excitement that day. He now has one sister and one brother.

Clinton was very fortunate to be born in Hutchinson, Minnesota, as this enabled him to attend M.W.A. all four years and the same time live at home.

Some of **Clinton's** activities while at M.W.A. have been intramural sports, Freshman and Junior class president, A.S.E. Vice president, action team, choir and Choraliers.

Clinton has many likes. The food he's most fond of is popcorn. The colors he likes best are metallic blue and purple. His favorite person is Lyle Olson. Canoeing rates very high among his likes. His most enjoyable class is Choraliers, which indicates his favorite pastime is singing, which he did a lot of while here.

Clinton's plans include Union College where he's already been accepted into the Unionaries. He plans to major in Theology.

CLINTON ANDERSON

RUTH UTHOF

There was much excitement in the Uthof family on June 2, 1958. The event? That was the day a little blue-eyed baby girl named **Ruth JoAnn Uthof** appeared on the scene. Although born in Owatonna, Minnesota, she now claims Dodge Center as her home.

You don't have to know **Ruth** very long to know that a guy named John Steven Miller holds the top of her favorite list. Other favorites include McDonald hamburgers, the colors blue and purple, and Mr. Swanson. On

the other side, her pet peeve is "people who think they're cool!"

Ruth has attended Maplewood for all four years. She is not sure what she will specifically do from here, but her plans include traveling and perhaps taking up nursing. We wish you all the best of luck, **Ruth!**

On the third day after Christmas, December 28, 1957, a tiny bundle was presented to Mrs. Ruby Waller. The bundle has remained tiny ever since. In fact, that is her nickname to some of us, "Tiny" - but to most, she is none other than **Marie A. Waller.**

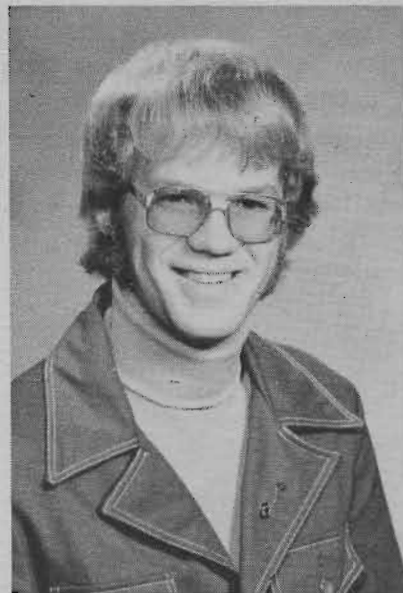

Even though small (she is five feet . . and a half of course!) she contains a lot of character - a sparkling personality, an ability to win friends, and brighten up many a discouraged moment for them with her laughter. Beside being involved in many school activities, which includes ski club, gymnastics team all four years (captain her Junior year), Vice-president of Girls Club, and Assistant Leader of Story Hour, she likes to sew, ski, eat Vals pizza, and talk to her friends (especially Timothy Blaine Deniston). Her favorites are the Turners, McClains, and her boss, Mrs. Strickland.

She claims that the best thing that occurred while her four years at M.W.A. was her mother remarrying. Her father was killed when she was only two. We were glad for her family and wish them all the happiness.

Maries future plans are to attend a vocational college in Lincoln and take up dental assistance. We'll miss you here at M.W.A., but wish you a happy and successful future!

MARIE A. WALLER

MARK REA

On the bright sunny day of May 20, 1957, in Wayzata, Minnesota, a new Rea was introduced into the world, making quite a **Mark** into the family of Mr. and Mrs. Thomas Rea, who now live in Winnebago, Minnesota.

Mark has attended M.W.A. all four years, and has been involved in gymastics and an action team.

Mark likes sauerkraut and weiners, the color navy blue, and lists his favorite people as Mr. Swanson, Elder Reid, Ted, Marvin, Lyle, Brian and of course Janis.

Most of the guys in the dorm will probably agree with **Mark's** pet peeve, which is haircheck.

Mark would like to say a special thank-you to his parents for sending him to M.W.A. **Mark's** goal in life is to become a Biomedical Electronics Technician. Good Luck in all you do.

Who is she?

Her favorite doings are sports of almost any kind -- but especially, baseball, basketball and football. Summer finds her on one ski on a Minnesota waterway, and winter on two on Colorado snow.

Probably wearing yellow and blue she can often be found working for Elder Reid, involved with music, another favorite activity (though boys rank close behind!). A member of Choraliers and Choir, she is included in *Who's Who in American High Schools* for 1976 and is receiving an honor scholarship from Union College -- and she's finishing Academy in three years.

She's been Religious Vice-president of the Girls' Club and Secretary-Treasurer of the Ski Club. Next year will find her joining her brother Larry as a pre-med student at Union.

Born and raised in St. Paul, a graduate of Capitol City Elementary School who attended MJA until persuaded to come to Maplewood in the middle of her sophomore year by the above-mentioned brother, her most loved people are that brother, her parents, Gerald and Onnalee Wadell, and a very large cat (a people?) named Fluffy. Again, who is she?

SHERI WADELL

Her only pet peeve is people who don't use their brains and talent. She's living proof that just possibly "Blondes Do Have More Fun."

Who is she?

She's Sheri Jean Wadell!

CINDY MORSE

March 24, 1958, brought a little girl into the world who grew up, ended up at Maplewood for her last three years and decided to like Mr. Turner, Ernie Unruh, and the color green, which can and is found often on her person. One thing she doesn't like is "when people think they know it all."

Cindy was born in Minneapolis to Lee and Duane Morse and they now live in Garfield, Minnesota.

While here at Maplewood, Cindy has acquired many things - among them many good friends who love her and will miss her. She has been the "checker" in the cafeteria this year, and has brought a smile to many a face when they have reached the end of the serving line. She also has acquired a few aunts, uncles, and who knows what else.

Cindy is planning on going to Union next year. What ever you do Cindy, we wish you God's blessing, because then you won't need any "luck"!

Jay Novak - a personality very much his own. Any one who has taken the time to know him can realize that very soon. He's been at Maplewood for three years, 10th, 11th and this his Senior year. During this time he and Paul Moser have become good friends - at least we assume they have, for they are seldom apart.

Jay was born in Chicago, where he still lives, on November 16, 1958. His parents are Evelyn J. Novak and George W. Novak.

Among Jay's favorites are fried chicken, Big Macs, the color blue, Marcus Welby, and Mr. Swanson and Elder Reid for faculty.

We don't really know what Jay's future holds for him, but would like to wish Jay the best in the future that God can give and God's richest blessings.

JAY NOVAK

Who will you find at Miss Jensen's some Friday night around suppertime? Yep! Heather Huntsman. But Miss Jensen isn't her only favorite faculty as that would leave out Swanson and Fandrich.

Even though she enjoys her Friday night suppers, its not like having her mom's spaghetti.

Heather was born in Chicago, Illinois on August 4, 1958 to Steven and Glenda Huntsman. She now lives in St. Paul.

Union is in her immediate plans -- where she, beside schoolwork, will probably keep playing her favorite sports that she has enjoyed her four years at Maplewood -- basketball, baseball, football -- you name it. Maybe she'll add to Unions' band as she did to ours with her trumpet. We'll see.

We don't know what is ahead for you Heather, but we pray that you'll keep Jesus as you guide in all your plans.

HEATHER HUNTSMAN

KEITH MORRISON

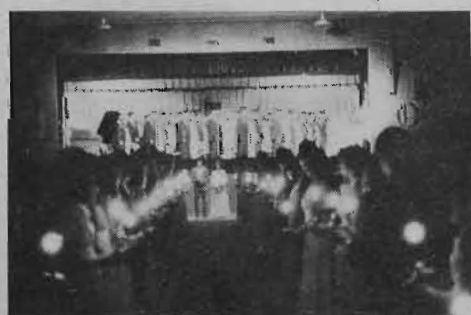

Keith William Morrison brought joy to the lives of William and Cleora Morrison on February 11, 1958, in St. Paul, Minnesota. They now live in Circle Pine, Minnesota.

Keith likes the color blue, Kelly Cleveland, and some of the foods he likes are mashed potatoes and gravy. Mr. Hinde is one of his favorite people, too.

Keith spent his last three years here at Maplewood, and participated in gymnastics and sports of almost any kind. He enjoys, and is very good at, high jumping, in which he has placed first or second on track and field day.

We wish you the best of everything, Keith, as you continue on in your life.

May 6, 1958 was a special day for Ralph and Ione Hagen. That was the day that Glenda Frances made her first appearance into the world.

GLEND A HAGEN

She was born in Thief River Falls, Minnesota, but now claims Gatzke, Minnesota as her home.

Among her favorites are pizza, the colors red and blue, her favorite faculty is Ernie Reid, her favorite friends are Darwin, Beu, Lorie, and Marlene, not necessarily in that order.

Her pet peeve is hockey pucks on second and jingling keys.

Glenda has also been very active during her 3½ years here. She has been captain of various basketball and football teams. Also a class officer and also in Choir.

Her future plans are being an interior decorator and getting married. Good Luck, Hag, we'll really miss you.

Oh what a night! Late in January back in '58 (the 21st to be exact) at the Fairview Hospital in Minneapolis, a hairy blob, I mean baby, was born to Dexter and Virginia Denniston. They decided to give it the name **Timothy Blaine**. And what a guy he's grown up to be! **Tim**'s heart is at Bloomington, Minnesota, but he has somehow managed to attend Maplewood Academy for two years.

Tim likes sports and has participated in all intramurals and is on the MWA gymnastics team. **Tim** also likes photography, people, good music, science, the color blue, and his summer job. (Not necessarily in that order.) **Tim**'s favorite faculty is Mr. Turner. **Tim** also likes good food, but **Tim** insists that mushrooms are not good food. Although **Tim** seems to like just about everything, he does have a pet peeve, and that's people that worry over small, insignificant things and hair check.

Tim's not real sure of the future, but

may be attending Union College next fall. **Tim** we're going to miss you. We wish you luck and happiness always.

P.S. **Tim**., don't forget our plans for the "Harrad Experiment".

TIM DENNISTON

SANDRA TOYNE

On November 16, 1957, a bubbly, bouncy bundle of joy arrive in George and Dorothy Toyne's life. This all took place at Cogswell, North Dakota, but Briton, South Dakota soon became home for 19 terrific years.

Sandra Kaye has brown eyes and long brown hair, she likes everyone and delights in trying to make others lives happy. Her favorite colors are yellow, black and white. Her favorite foods are popcorn and macaroni and cheese on Thursday nights at Jensens.

Sandy will be attending Union College next fall where she will be taking social work as a major. I'm sure that she will be a tremendous success at whatever she does.

What can you say about a guy like **Dick Buckholz** except that you wish everyone could meet a person like him. In his only year at Maplewood, which he considers a great one, he's gained and awful lot. He says, "I'm thankful I am able to attend this school, meet new friends, and by it gain a closer walk with God." We believe others beside him have also gained a better outlook of Christ and His love by **Dicks** coming to Maplewood.

Dick has quite a list of favorites. Craig Pace, Barry Bacon, Clinton Anderson, Kevin Wangsness, and, of all things, girls! Ever tasted sour cream raisin pie? Well, it's one of **Dick's** favorite foods along with granola, and "more food", he says. Mr. Swanson and his geography class, and the colors red, blue and brown are some of his favorites. He *doesn't* like "older kids being mean and setting bad examples to underclassmen."

Bud and Muriel Buckholz never realized on October 12, 1957, in Crookston, Minnesota, that their little boy would grow up to be such a blessing. They now reside in Foston, Minnesota.

Dick plans to work for his dad, farming, and perhaps go on to college. What ever he does he will ask for and receive God's richest blessing.

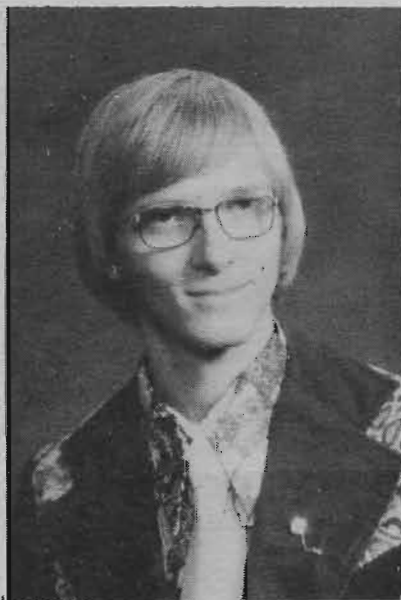

DICK BUCKHOLZ

On April 13, 1958 in Redlands, California, a ray of happiness warmed the hearts of Paul and Carol when their daughter, **Patricia Carol** was born. With her home presently at Boulder, Colorado, I'm sure **Trish** has added much excitement to her family - as you can tell by some of her hobbies. Backpacking, mountain climbing, snowskiing, running, photography and playing tricks on people are

a few of **Trishes** thousand hobbies. At Maplewood she has enjoyed being the first girl to take two automotive classes with the guys. Next year will probably find **Trish** stirring up some dust at Union College. **Trish's** energy and smiles will be missed at Maplewood especially by "her" girls on first which she monitored. God bless your future, **Trish!!**

TRISH TALLANT

JOHN MILLER

The last of five Millers will be leaving us this year. This is **John Steven Miller's** second year here, and in that time he has come to know a lot of kids - especially Ruth Uthof. Besides her, his favorites include Mr. Chaffee, McDonald's hamburgers, and the color blue.

John was born on January 15, 1958, in Minneapolis. He now lives in Minnetonka with his parents, Eva and James Alvin Miller the second.

John is an easy going guy who doesn't like "people who worry." He plans to work and go to college in a year or so. May God bless your plans, **John**.

Thief River Falls, Minnesota, was the birth place of this years Maple Leaf editor. Red Lake Falls is the residence of this years Senior Class treasurer, July 28, 1958 was the birthday of one who helped in cradleroll division for her four years here at Maplewood. Mrs. Turner is the favorite faculty of a blond haired, blue-eyed girl who is planning on becoming a dental assistant. People who don't do their share of work became the pet peeve of the first child of Darrell and Evelyn Glass. Her name? **Peggy Glass**.

Peggy has livened up Maplewood for four years, and next year will find her livening up wherever she decides on going for furthering her education. We wish you the best of all possible luck, **Peg**, as you continue in your life. Always let Christ be your guide and you can't lose.

PEGGY GLASS

Lincoln, Nebraska found a new resident on July 3, 1957. His name just happened to be **Lyle Olson**. His parents were, and still are, Irvin and Addie Olson. They now make their home in Brainerd, Minnesota.

Lyle has attended Maplewood for all four years of Academy and we would like to believe that they have been good years, for him and the rest of us too. Clinton Anderson has become a big part of his life, for they have shared many good times together. **Lyle** also has a younger sister here at Maplewood whom we think he cares for very much.

Lyle wasn't actually here the last of his last year...he was home taking correspondence and working. He came back to graduate with his class, though and we're glad he could do that.

Whatever you do in the future, **Lyle**, we wish you the best of luck and God's blessing always.

It was on June 25 that a bundle of joy came into the lives of Elder and Mrs. McClain. For it was on this day in 1958 that **Dixie Dawn McClain** arrived on the scene in Hutchinson, Minnesota.

Dixie attended Maplewood her freshman year and then returned after a year at Campion to finish her Junior and Senior year in one, and graduate with the class of '76!

During her Senior year she was active in gymnastics and Girls Trio as well as being Sabbath School Superintendent.

Dixie's favorite color is pastel pink and favorite food is peppermint ice cream. But there's one thing she doesn't like, and that's people who are put ons.

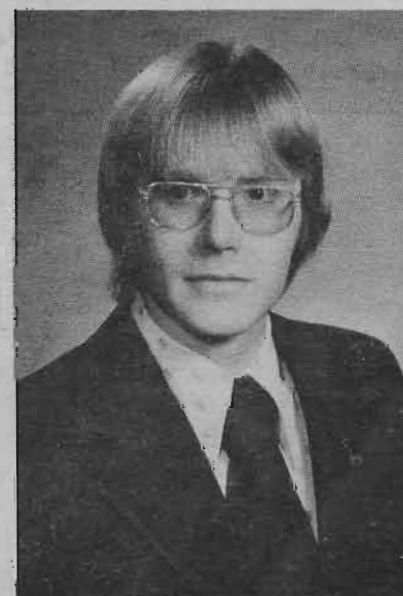

She rates Mr. Unruh as her favorite faculty and her family as her favorite people.

Dixie's future plans are to attend Union College and become an elementary physical education teacher.

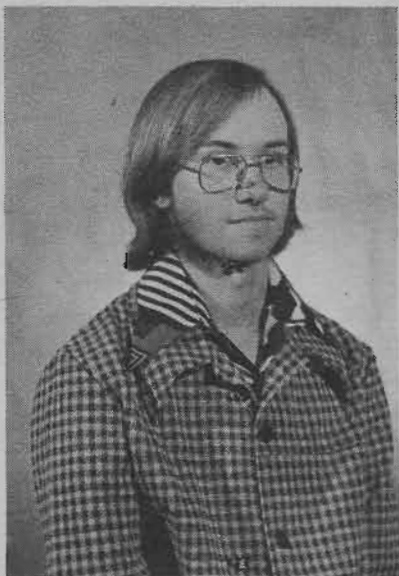

Lots of Luck, **Dixie!!**

DIXIE McCLAIN

LYLE OLSON

PAUL MOSER

January 29, 1957, brought **Paul Edward Moser** into the world. Marion Moser received her child in Riverside, California, and they now live in Golden Valley, Minnesota.

Paul likes steak, lasagna, apple pie, Mr. Swanson, Loui Pollman and Jay Novak, and colors red and blue. In his three years here he has participated in track and always seems to come in first in the mile race!

Paul's got a friendly smile and an all-time buddy, Jay. We hope that he won't forget the friends he's made here as he continues on in life, "to work", as he says. Whatever you do, **Paul**, let Christ lead and your success will be as sure as the sun rising every morning.

Los Angeles, California was the place and October 23, 1958 a memorable day in the lives of Dr. and Mrs. Jerome Bray, as they were blessed with a blue-eyed baby which they named **Laura Jean**. **Laura** now lives in

LAURA BRAY

Thief River Falls with her parents and two older brothers and one older sister!

Some of **Laura's** favorites include the color blue, corn, pizza, fruit, sports, music and SNICKERS!!

In her four years at Maplewood **Laura** has been in Choir four years and Choraliers two years. She was A.S.B. Social Vice and Girls Club Social Vice her Junior year. (Needless to say she has been very active in intramural sports too).

This year she is Second Semester Girls Club President, and Senior Class Vice President.

Laura plans to attend Union next year. Good luck, **Laura**, we'll miss you!

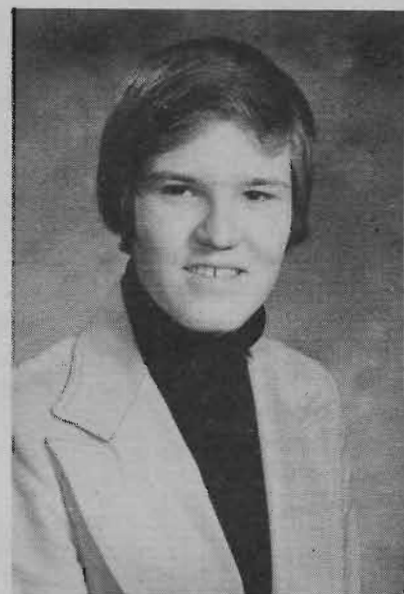

CINDY REINHART

Once upon a time - around November 9, 1958 - in International Falls, Minnesota, a dark haired, green-eyed beauty named **Cynthia Kay Reinhart** was born. **Cindy** spent a lot of time on the farm with her Grandpa and Grandma Tygeson. She favored them with many hours of comedy and laughter.

The last four years has found **Cindy** at Maplewood favoring them with her comedy. Some quiet evening might find **Cindy** in her room softly singing and strumming on her guitar. She was active in Choraliers during her Junior and Senior years.

During home leaves she goes to Gatzke, Minnesota, her grandparent's farm, which she calls home. Next year **Cindy** plans to go to Walla Walla and take up Oceanography. Good Luck, **Cindy**!!

Craig Adam Pace was presented to the Pace family June 23, 1958, at 681 Simpson, Denver, Colorado.

CRAIG PACE

Some of his favorite foods are fresh fruits, granola, and fresh vegetables. His favorite colors are orange, green, blue, yellow and brown.

His favorite faculty and friends are Elder Reid, Mr. Swanson, Miss Jensen, the Stricklands, Jesus Christ, Dixie McClain, Martha Anderson, Dick Buckholz, Bob Staeheli, Tony Passillas, Kevin Wangsness, Lewis Sorem, Curt Rittenour, and Barry Bacon.

His pet peeve is "when people don't give proper respect to others when they are talking, etc."

Craig attended Maplewood Academy for one year, and he's an honor student. He thanks God for leading him here and wants to serve Him always and inspire others to serve Him also, because he's good.

The Maple Leaf is the official school paper of Maplewood Academy, Hutchinson, Minnesota 55350. Circulation is 1,700 with seven editions during the year except January, May, June, July and August. Second class postage is paid in Hutchinson, Minnesota.
