50th Anniversary and Alumni Homecoming To Be Held May 2

Ethel Marie Hartzell was born in Montevideo, Minnesota, on May 19, 1898. She was the eldest of a family of seven and her parents, Mr. and Mrs. Olaf Hartzell of Montevideo, survive her, together with three sisters and three brothers: Ralph, Sylvia, and Lawrence of Montevideo, Alvin of Morgan, Mrs. Jeanette Cressy of Minneapolis, and Mrs. Pearl Lindh of Liberal, Kansas. Also surviving, in the immediate family, are seven nieces and nephews.

When a small child, Ethel was stricken with spinal meningitis, which, together with a heart condition, kept her in frail health from early childhood and interrupted her grade, high school, and college work many times. In spite of frequent illness and limited strength, Ethel attended grade school and began her high school work in the public schools of Montevideo. In 1925 she enrolled in Maplewood Academy in Hutchinson (then known as the Hutchinson Theological Seminary) and here she finished her high school education, graduating as valedictorian of her class. After graduation from high school, she attended Union College in Lincoln, Nebraska, from which she received her B.A. degree in 1941. That year she was listed among ten other graduates of Union in the "Who's Who in American Colleges and Universities."

Miss Hartzell affiliated with the Seventh-day Adventist church in Montevideo in 1918, and, at the time of her death, had been a member of the Maplewood faculty for many years. She had, also, in the past summers, assisted in the summer youth camps, having charge of arts and crafts and nature study programs. Art, poetry, and the study of nature, especially birds, were her special interests, which she loved to share with others. From early youth, she showed marked talent in drawing, painting, and design. Her aptitude for teaching art was also clearly indicated, and her Maplewood art students through the years number many hundreds, some of whom have taken up art as their vocation. She was also a writer of verse and had recently written for the **Youth's Instructor**.

Active in the work of the school she loved so much, she passed away in Hutchinson on Thursday morning, April 8, after a short illness. Services were held in the Maplewood chapel on Sunday, April

(Continued on Page 3)

Ethel Marie Hartzell

In Memoriam

While we had known that our dear Miss Hartzell was not strong and had not been well for a few days, her sudden passing came as a very heavy and unexpected blow to our faculty and student body. Her last words were in recognition of Nature's God, the beautiful birds, and her many Christian friends among the students and faculty of Maplewood.

It is certain that she will live forever in the loving memory of the Maplewood family who admired her fine artistic ability, her love of all that was good and right, and for her wonderful Christian influence and inspiration. Our esteem is unbounded for the enthusiasm, courage, and inspiration she displayed regarding the welfare of those about her. Her own true sterling Christian life will live on in the memory of those who knew and loved her.

We all realize that the ways of God with man are not to be questioned, and though we may not understand now, in the coming years such dark things will be made plain.

The Maplewood family

The juniors had a group picture taken on April 7.

Come and meet your friends at Maplewood May 2.

WELCOME

ACADEMY DAY VISITORS

We are planning and looking forward to having you as our guests on Sunday and Monday, April 25 and 26. We will be looking for you Sunday morning for registration at ten o'clock, and after dinner we will show you our campus, building, and entertain you with tours, ball games, and a picnic supper in the North Woods. We want you to visit classes and chapel on Monday morning. We hope you will enjoy your visit here, so much that you will want to come and enroll as a student on September 7, 1954.

Temperance Contest

The fourth annual Temperance contest was held in the Maplewood chapel on Saturday evening, April 10. The Madrigal Singers opened the program with "God Bless America." The seven students who were to give their orations then drew numbers to indicate their place in the program. Elder O. Rees of Minneapolis gave a short talk, and then the orations were given. Glen Roberts was the winner of the oratorical contest, and will represent Maplewood at the Northern Union contest to be held at Oak Park Academy soon. Carol Eklund won second prize with her oration, "The Weed of Madness," Ben Steiner won third, and Diane Kelstrom was the winner of the fourth prize. After the orations had been given, the Madrigal Singers presented two selections, and then Elder E. F. Finck awarded the prizes. In the essay contest, Frances Barnhart was awarded first prize, Jon Rosenthal second, and Ben Steiner, third. Gene Loeks was the winner of the first prize in the Poster contest, Ben Steiner second, and Myrna Wadsworth, third. The jingle contest is always interesting, and this year there were many clever ones turned in. Gary Hymel wrote the best one, according to the judges, John Morrison second best, and Richard Carlson, third best. Several jingles received honorable mention.

The program was a very interesting one, and we are looking forward to more like it. The Madrigals closed the evening's program with another of their good numbers.

Junior Borg

All Maplewood alumni and former faculty members, as well as the present student body and faculty, are planning for and looking forward to the fiftieth anniversary and alumni homecoming to be celebrated on Sunday, May 2. Dr. A. W. Johnson will be one of the guest speakers over the weekend, and others will be here on Sunday to help make the anniversary program one long to be remembered. Registration will begin at 10:30 on Sunday, May 2, and will be followed by an alumni homecoming banquet in the Academy dining room. All alumni who will request tickets to this banquet by writing to the registrar will be accommodated. After the banquet, the Anniversary program will be presented. This will include speeches, music by alumni, and greetings from those far away. Tours of the campus, Medical Cadet Corps drill, and visitations will occupy the remainder of the afternoon. Come and enjoy meeting your friends and classmates of yester year. The old North Woods will be the scene of the picnic supper, where you will meet friends from Hutchinson, as well as the present student body and faculty. The student talent program will be an added attraction for our visitors of the day. The fifty years of Maplewood's history will all be depicted by decades in music and readings. We are making every effort to make this day on May 2, a memorable one, so please plan to come to Maplewood that day, and be sure that you make reservations for the banquet if you are among the alumni.

Ingathering

Tuesday, April 13, was the date set for the annual Ingathering Field Day at Maplewood for this year, and so on Monday evening, students and faculty met in the chapel to make plans for that important day. Tuesday dawned bright and warm, a perfect day for the work in hand. Nearly all the students took part in the Field Day and those who did not go out, worked hard on the campus and thus turned in a good part of the proceeds for the day. Mr. Hill had charge of the "Campus Crew" and they did a fine job cleaning up the grounds. In the evening, we again met in chapel and listened to some very interesting experiences from those who had been gone all day. Some produce was brought in, and when the cash was counted we

CLASS SPIRIT

Without spirit there is not life. Every class needs a spirit to help the class work as one. In the social life we have citizens who get together in groups because they want to work together. This calls for a spirit to help things not only run more smoothly, but it adds more life and zest in what is being done. Just as food needs flavoring to make it taste better, so a class needs flavoring too and that is made by the spirit that is found in the class. If an organization does not progress it is because of lack of spirit and those who are the leaders of the lagging group are soon dismissed from the position. But in our class we cannot just drop one of our class members because of his spirit. Everyone is equally entitled to belong to the class. That is why it is so hard, because every person must put his or her heart into the class and do his very best to make his class the very best. Each person must co-operate to their utmost. If a class is to be a success we must all work, co-operate and agree. Remember what we make of ourselves now will determine what we are in the future.—Jon Rosenthal, class president.

--- Calendar of Events ---

April 25-26 Academy Visiting Day
 Friday evening, April 30 A. W. Johnson, guest speaker
 Sabbath, May 1 A. W. Johnson, guest speaker
 Sunday, May 2 Fiftieth Anniversary and Alumni home-coming
 Sunday evening, May 2 Student Talent Program
 Friday evening, May 14 Consecration Service
 Elder A. A. Leiske, guest speaker
 Sabbath, May 15 Baccalaureate Service
 Elder T. Paul Mishenko, speaker
 Sabbath afternoon, May 15 "Esther" cantata
 Maplewood Vested Choir
 Sunday, May 16 Commencement
 Elder Paul DeBooy, speaker

INVESTITURE SERVICE

The annual Investiture service was held on Friday evening, April 16, in the Academy chapel with Elder Boyd Olson, conference Missionary Volunteer secretary, as the guest speaker. Caroline Sherwood and Patricia Johnson were the candle lighters, and Jan Zempel played the organ for the processional. Thirteen Master Guides acted as the Honor Guard for the large group from the church school and the academy that were invested. Sixteen pupils from Mrs. Conquest's room in the church school were invested as Busy Bees, Sunbeams,

Builders, and Helping Hands. Several Friends, Companions, and Guides from Mr. Johnson's room were invested, and two guides and six Master Guides among the Academy students received their awards. Some of the features of the evening's program were a knot-tying demonstration, memory work, and a story by one of the Master Guides. To close the program, the group sang "The Captain Calls For You," and Mr. Haughey dismissed the meeting. Many Reading Course certificates and Vocational Honor Cards were ready for the investees, and were given at a later date.

UNION COLLEGE CHORALE

On Friday evening, April 2, we were especially favored by the Union College choir, the Golden Cords Chorale. Their director was J. Wesley Rhodes and they were also accompanied by J. Randall Sloop, the tour manager. There were forty-two members in the choir with Daina Ramey, voice instructor, as soloist.

The program opened with an organ prelude by Gladys Davis. Divided into four parts, one of their songs was "Creator of the Stars of Night." Two Maplewood graduates, Millicent Odegaard and Arlene Picha, sang solo parts in "Gently Lord, O Lead Us" and "The Beautiful Hills." Their closing number was "Almighty God of Our Fathers." After the benediction the choir sang the seven-fold "Amen."

We are hoping they will be able to return next year for another fine program.

Clublicity

Crescit Eundo:

For our Crescit Eundo March 18, we watched a basketball game between the Sophomores and Freshmen, with the Sophomores being the winners.

March 25 we listened to impromptu speeches. Diane Johnson told us of "The Seriousness of Falling Over a Cliff," Colleen Julius gave us "Three Kinds of Jams," and Pat Pederson spoke on the "Junior Department."

On April first we were privileged to have with us Mademoiselle Paree (Mary Lou Larson) and Madame Sheri Starzelli (Sherrill Swan) from Paris. They brought us their spring style show, showing us their latest fashions.

It seems that on April 8 all our "dieting girls" forgot about their diets, as they filled themselves with pineapple and hot fudge sundaes. We all had an enjoyable time.

Robertta Guishard.

Knights of East Hall:

The long-awaited event has happened! The boys' dormitory is being completely redone. The third floor halls have been replastered, some of the rooms have new plaster and closets, and the floor and steps are being tiled. The boys on third floor are now moved back, and the second floor roomers are being moved out. Everybody is so happy that they don't mind the small detour around the elevator outside, and the fact that many of the boys have had to double up on sleeping quarters. Due to this, the boys club has had to relax, with two films last week, one on the history of oil, and the other on how rubber tires are made. This week the boys have been enjoying this wonderful spring weather with a game of softball April 13. It really looks as if spring is here to stay, and, except for that strange malady, spring fever, which has struck the students suddenly, we seem to be enjoying this good weather a lot.

—Jerry Gilbert.

Colporteur Club

Monday, March 29, the Colporteur Club was organized with Bill Bromme as president; Harriet Anderson, vice president; Evelyn Wangsnes, secretary - treasurer; James Gilbert, chorister; Diane Johnson, pianist; and Mr. Paul Haughey as faculty advisor.

Elder C. E. Edwards and Mr. Howard Anderson of St. Paul instructed us on how to make a sale.

They also explained the scholarship plan whereby we can earn a scholarship by working 350 hours for boys and 300 hours for girls, and by selling \$910.00 worth of books.

We have planned to have our meetings every Monday night at 6:30. We are very busy practicing our canvasses now for our next meeting.

—Alice Hartnell.

For an April Fool's joke, the Physics class locked the door and put a sign on it, "April Fool," and then they all hid. Mr. McCune and Mr. Butherus came and unlocked the door!

JUNIOR OFFICERS

Jerry Gilbert, sgt.-at-arms; Betty Daniels, secretary; Jon Rosenthal, president; Ellen Olson, vice president; Owen Spencer, treasurer.

Boy's Reception

The long-awaited boys' reception was held Saturday night, March 20. The boys escorted the girls into the gym, where they got their food from a real western chuck wagon, pulled up a bale of hay, sat down, and ate their lunch. Then we went to the chapel for the program, which had to be longer than usual, due to the fact that the boys' dormitory is being redone, and there couldn't be a tour of the rooms. Roger Mickelson, boys' club president, welcomed the visitors and turned the program over to the master of ceremonies, James Gilbert. First on the program was a sophomore quartet, consisting of Orlo Gilbert, Merland Kelstrom, Duane Butherus, and Richard Haughey. They sang "Ridin' Down the Canyon," and "Oh! Susana." The trumpet trio—Duane Butherus, Daryl Burghart, and Richard Jensen—played "Beautiful Dreamer" and "Home on the Range." Next Duane Butherus gave us a reading, "The Bewitched Clock." Jon Rosenthal and Harlan Peck presented a short skit: "Dr. Cutup." A picture of a horse eating grass was drawn by Lloyd Hanson, but the horse had eaten the grass and left, so that wasn't so hard to draw. Last of the entertainment was a skit by Wayne Anderson and Glen Roberts, entitled "Casper, Dumbest of the Dummies." Last of all was the film, "Young Mr. Lincoln." The boys' club wishes to thank all for the part they played in making the reception a success.

Jerry Gilbert

INGATHERING

(Continued from Page 1)

found that we had gathered in nearly \$800 for the day. We were all thankful and pleased that we had a good day, and that we had a part in the furtherance of God's cause in the earth.

MISS HARTZELL

(Continued from Page 1)

11, with Elder B. G. Butherus and Elder L. L. Murphy in charge of the service. Six senior boys were pallbearers with the faculty men as honorary pallbearers. Later the same day, services were conducted in Montevideo, and she was laid to rest in the Sunset Memorial cemetery, where she awaits the call of the Life-Giver at the breaking of God's great day when the shadows and sighing will flee away.

Chapel Chats

Mrs. W. H. Williams of Washington, D. C., gave us a very good talk on character building on March 22.

Have you ever had the desire to throw out the dirty dishes or to throw the salesman out on his ear? Mr. Burgeson talked about suppressed desires on March 31.

On April 2, Mrs. Butherus and Bill Bromme organized the Missionary Volunteer bands for Sabbath afternoon's activities.

"Wheel Sense", a film on safe driving, was the main feature in Chapel on April 5.

Because the classes have a hard time to find a time when they can meet, Mr. Butherus turned the chapel period on April 7 over to the classes for class meetings.

Friday the 9th Mr. Gilbert showed us a film entitled "At This Moment". It was the story of the railroads and their use. "Their Word of Honor" was the title of the story Mrs. Gilbert read to us on April 12. I wonder if our word of honor is as good as it should be.

—Marie Chapman.

MORE WAGGIN'

Clifford Tonsberg and Marilyn Jensen visited Mrs. Tonsberg on Monday, April 12. Cliff is a teacher in Tennessee and Miss Jensen is one of the Oak Park Academy teachers.

★ ★ ★

Mr. and Mrs. Jack Adams and family of Boulder, Colorado, visited at the Adams home for several days recently.

★ ★ ★

Mr. and Mrs. Lester Rogers of St. Paul visited Jeanie on Sabbath, April 3. She returned home with them for the remainder of the weekend.

★ ★ ★

Ruth Farnes visited her home over the weekend of March 27.

Echoes From Music Lane

The junior class is proud of its twelve members who are in the choir and the five that are in the Madrigal group. There are also many juniors in the Symphonette this year. This month from our class, Marcia Anderson favored us with a beautiful solo one Friday evening for vespers, Myrna Wadsworth sang for the juniors' Missionary Volunteer program, and the girls' trio, of which two members are juniors, sang for Sabbath school.

The Madrigal group and a few instrumentalists and faculty members left the academy the morning of April 13, for a weekend singing tour. We were in the Brainerd Seventh-day Adventist church for the most of their Sabbath school and the after service was made up of a message in song. At Blackberry that afternoon we gave a similar sacred program and we were in Duluth that evening for a secular concert. We left Duluth before noon on Sunday and were home again that afternoon.

We juniors hope to keep practicing and developing so that we can be better seniors.

Myrna Wadsworth

Supper in the North Woods

Student Talent program

For reservations write to Principal B. G. Butherus or Registrar Victoria Larsen

JUNIOR SPORTS ROUND-UP

On the sports front, the Juniors have been fairly active. The basketball season was just about wound up with a game March 21 in which the Junior Royals defeated the Freshman Hornets by a score of 76-32. High-point man on the floor was Johnny Morrison. Hot, as usual, he rolled in 24 points. Tommy was tops for the Hornets with 10 points.

In an earlier game, on March 6, in a nip-and-tuck battle, the Mystery team defeated the Royals. Led by Mr. McCune's 25 points, they rolled in the second half to win by a score of 49-43. John Morrison was again high scorer for the Royals with 13 points.

In the regular season standings, the Royals found themselves in a three-way tie with the Mystery team and the Sophomore Gophers for second place. Each team had a won 6, lost 4 record.

Several volley ball games have been played, in which a few of the Junior boys have participated. This fine weather has enabled a few of the baseball lovers to go out and do their "Spring training." Soon baseball season will be under way and basketball will be forgotten. But before it's completely forgotten,

one more game, a non-scheduled affair, should go on the books. It took place on April 8, between the Sophomores and Royals. Final score: Royals 29, Gophers 25. The Royals acquired the use of one senior in absence of two players. He helped them, but Jerry Gilbert and Johnny Morrison each pumped in 10 points to lead the Royals. Gilbert played an exceptionally good game, rebounding well and holding Dick Haughey to 12 points. The box score is as follows:

Gophers	FG	FT	PF	TP
Nelson, f	1	0	2	2
Jensen, f	2	1	3	5
Haughey, c	4	4	1	12
Huset, g	2	0	1	4
Burghart, g	1	0	0	2
L. Morrison, f	0	0	3	0
	10	5	10	25

--- Waggin' Tongues ---

Merl Johnson, LeRoy Dockham and Ronald Thompson spent the weekend of March 27-29 with their parents at Eagle Bend, Minnesota.

Some of the boys living in the annex seem to have a hard time coming to breakfast. Could it be that they have a hard time getting up on time?

Dr. and Mrs. F. H. Rosenthal of Austin visited Jon on Friday evening, April 2. They attended the program given by the Union College Chorale.

Jon Rosenthal and Shirley Aultfather visited their homes in Austin over the weekend of April 10.

That Junior centre, Richard Van Raden, was really a star the night the Stevens Avenue All-Stars played the Maplewood All-Stars.

The students in Mr. Gilbert's second Chemistry lab had a scare the other day. One of the girls was heating turpentine and it caught fire. Mr. Gilbert came to the rescue and the fire was out in a second.

On Sabbath, April 3, Mr. Sherwood took Nancy Dahlstrand, Alice Hartnell, Ramona Day, Eileen Dahlberg, and Pat Pederson to Dassel to distribute literature.

Have you been bothered lately by a few raps on the door and a "May I talk with you for a few moments, please?" That's Alice Hartnell practicing her canvass for Colporteur club.

On April 7, Pvt. Olaf Van Raden visited his brothers, Frank and Richard, at Maplewood. Olaf is a graduate of Emmanuel Missionary College and is now being transferred to the Far East Command.

Stanley Murphy, class of '53, visited his parents on April 2. Stanley is a member of the Golden Cords Chorale, and was here for their program.

Mr. and Mrs. William Morrison visited their sons, John and Leo, on Friday, April 2.

Dr. and Mrs. F. J. Gilbert, Wayne, and Ardyth of Belle Fourche, South Dakota, visited their sons, James and Gerald, at Maplewood during the week of March 21-28. Dr. Gilbert attended a three-day medical convention in Minneapolis during the week.

Richard Van Raden was willing to "brave the elements" and get a Hollywood haircut.

Nathan Walters and his parents visited relatives in Fort Dodge over the weekend of April 3.

Mr. and Mrs. Elmer Larsen of Morgan were here to visit Lovina on Sabbath, April 3.

Miss Lothian has been a real "dirt-chaser" the last few days, trying to keep the hall floors clean in West Hall.

Mr. Hill attended the National Music Directors' convention in Chicago March 24-31. He reports that he had a fine time in the "Windy City."

Frances Barnhart and Colleen Julius visited their homes over the weekend of April 10.

Richard Van Raden's hostess at the table sent him to get some more bread with the request that he bring white bread for a change. When he came back with it, she asked him how it happened that he was able to get it this time. He answered, "They took it off a white loaf."

On Saturday evening, April 3, the students enjoyed the entertainment that each teacher had provided for them in their respective parties.

Art Peterson and his family visited relatives and friends in Hutchinson over the weekend of April 10. They are now living in Lincoln, Nebraska.

Mary Ethel and Dorothy Zummach visited their parents in Hutchinson over the weekend of April 10. The girls are attending school at Union College this year.

Mr. and Mrs. Don DeLeuw are the proud parents of a baby boy. Mrs. DeLeuw is Burnice Larsen, class of '51.

Announcements have been received of the birth of little Fonda Lee to Mr. and Mrs. Reuben Thorsen. Mrs. Thorsen is the former Selma Sundean who graduated from Maplewood in 1952.

Mr. and Mrs. Vern Momb (Nettie Russell, of the class of '48) announced the birth of a baby girl recently.

Ramona Day went home over the weekend of April 10 to attend her mother's wedding which took place in Iowa.

Jan Zempel and Dixie Ballew spent the weekend of March 27 at Dixie's home in Hollandale.

JoAnne Rosenthal, class of '53, now a student at Union College, was at Maplewood for a few hours on Thursday, April 8. We enjoyed seeing her again.

Mrs. Tonsberg was ill for a week with the flu recently.

Spring fever struck two of the Junior girls the other day. As a result they came home from town with new haircuts. Sure sign of spring!

"They hanged their harps upon a tree"—was heard coming from one of the choir members. Ruth Farnes, overhearing it, innocently asked, "How do you know they hanged their hats on trees?"

Everyone is happy that spring is here. The boys are getting the fever to play some baseball.

Senior Personalities

Harlen Peck:

On September 15, 1936, a "bouncing" baby boy started his busy life in Fenton, Michigan. Now he is 5' 10" and has blond hair and blue eyes. He takes piano lessons and sings in the choir.

He is active in several sports. He plays forward on the Senior basketball team, and is also co-captain.

For his favorite food he prefers peanut butter and his pet peeve is room-mates that don't make their bed. He has a suppressed desire to drive green Pontiacs. He doesn't say much about what he is going to do after he is out of school but he should make a good bus driver, because he stops at all railroad crossings. We wish him much success.

Sherrill Swan:

Sherry Rene, one of our dark-haired, dark-eyed seniors, comes from Minneapolis, but claims Lincoln, Nebraska, as her home as she was born there. Sherrill, who is very active in choir and Symphonette, is also president of the girls' club, which she always makes very interesting. If you should find Sherrill dining out, she would probably be at an Italian restaurant having ravioli or some other Italian dish, which is her favorite food. She has no special pet peeve. Her favorite sports are bowling and swimming. Sherrill would like to take up nursing in college next year. She is rather undecided about the college she will attend this fall, but I'm sure she will succeed with all she does, wherever she goes.

Gail Jean Trumble:

Gail Jean comes to us from Long Prairie and this is her second year here. She is about 5' 6" tall, has blue eyes and medium brown hair. Her favorite food is banana cream pie, although she says she just likes to eat. People who talk about others is her pet peeve. Gail can be found just about any afternoon in the bookbindery, working as Mr. Haughey's secretary. She is this year's class valedictorian and although her ambitions are indefinite and varied, we're sure she will succeed with her sweet smile and winning personality.

MORE WAGGIN'

One day when Janice Anderson and Evelyn Wangsnes came to work in the Bindery, they found the glue machine slightly sticky and messy. Upon questioning each other, they discovered that neither one of them had cleaned it the night before when they quit work. So they had quite a task on their hands to get it in working order again.

In English III, one of the girls was telling us about Florence Nightingale, the great leader of nurses, who at one time had thirty-eight lesser nurses under her chair (care)!

Mrs. W. H. Williams of the General Conference visited Maplewood March 21-22 in the interest of the Home Commission. A meeting was held for the parents on both evenings of her visit.

Evelyn Wangsnes:

Everybody's friend
Very much enjoyed three years at Maplewood.
Loves chocolate chip cookies.
Your Maple Log editor.
Near Morris, Minnesota, she lives.

Wishes to be a math. teacher.
American history, her favorite subject.
Nothing ever wrong with her bindery work.
Grieves over people using poor English.
She is tall, blue-eyed, and brunette.
Never misses roller skating.
Enjoys reading.
She will succeed in whatever she does!

Irvin Olson:

"Irv" is one of our "shorter" seniors. He is about 5' 6" tall, but he packs a lot of wallop for his size. He comes from Eagle Bend, Minnesota, and has been here for all four years of his high school. His favorite pastime is spring field work or driving his '41 Ford car, although he spends a lot of time talking to Mr. Adams. He has blue eyes, and can usually be found where there is some fun or a little mischief going on. He enjoys any good home-cooked food and his favorite subject of conversation is cars.

He has acquired the position of assistant farm manager whenever Mr. Adams is gone. He is also a prayer band leader and assistant Sabbath school superintendent. His ambition is to become a farmer and by the way he works out on the Maplewood farm, we expect him to be a good one. All the success in the world to you, Irvin.

Glen Roberts:

Glen comes to us from a little town which he considers to be the best in the state, namely St. Paul. Glen is 1.7497 millimeters tall, with black hair and brown eyes. Driving anything or hunting are his favorite pastimes. His pet peeve is people who are too big for their "breeches." His favorite subject is American history. When it comes to the subject of food, he says his favorite is venison. As for sports, Glen claims a favorite of badminton. In the future he hopes to go to college and finally become an aeronautical engineer. As capable as he is, he will succeed, we're sure.

Jennifer Butherus entertained thirteen young people at her home on the evening of April 1 in honor of her birthday. After the delicious buffet supper, the group played games.

Gail Jean Trumble has returned to Maplewood after a prolonged stay at home because of illness. Welcome back, Gail Jean!

The Primary room of the Hutchinson church school gave a very fine program in chapel on the evening of April 4. Mrs. Conquest is their teacher. At the close of that program, two nature films were shown.

Alumni home-coming May 2.

Front row, left to right: Betty Daniels, Owen Spencer, Jerry Gilbert, Jon Rosenthal, Ellen Olson.
