Supt. B. G. Butherus Sends Message

School will soon re-open. What a thrill. Students are thinking about it, and teachers are planning for it. Already plans are on foot for making improvements in the girls' dormitory, for making our classes more interesting for this coming year, and to even increase our chapel-church meeting place.

Visions of our progress loom up before us every day. Visions arise in the minds of youth regarding educational plans for this coming year as well as for the future.

"The education that brings the student into close relation with the teacher sent from God, is true education."

How much we desire this which is heaven sent. So let us teachers and students resolve that God's purpose for us will be our plans for the coming school year. Yes, it will be pleasant to resume our study again, to prepare for the world's great needs that the future will demand.

Now what about those visions and dreams of ideals and purposes for the coming year? It would be disappointing to know that you had never given it a thought. One reason people fail in life is because they never take time to think, nor plan their life. Building ideals and planning for our future is what all should do. There is an advantage in making good resolutions. One may fall short of his goal, but the fact that he has planned something definite and is working to that end, makes him more independent and capable of carrying responsibility. We must learn from past experience how to take the next step successfully and how to build stronger for the future.

May we invite you students to Maplewood Academy to enjoy all that God has promised us. The success and progress we make will depend entirely on our individual attitudes, purposes, plans, and willingness to co-operate with the pattern that God has given.

We extend a hearty welcome to our new students who will be joining us for the first time. We know you will be happy with us, and to our former students we know you will continue to be loyal to the ideals of Maplewood Academy. We welcome you back to a warm home coming. We shall be glad to greet you each on September 6 with a smile and hearty handshake.

Link Memorial Fund

The Link Memorial Fund has grown fifty dollars more as a result of the last contribution, which was given by the Maplewood Missionary Volunteer Society. This makes a total to date of \$275.

There are several pledges yet to be paid, and several have written in regarding a contribution they wish to send. Will you please send all contributions to:

"The Link Memorial Fund"
Maplewood Academy
Hutchinson, Minnesota

The purpose of this fund is to purchase a grand piano for the Academy chapel. It is hoped that this reminder will help the fund to reach the sufficient amount so the piano may be purchased before the opening of school in September.

Summer Choir Sings

Many words of appreciation were extended to Music Master Mercer following the Divine Service on Sabbath, July 2, for the music rendered by the summer church choir.

The group consisted of thirty-five members from the academy workers, the church members, and the alumni who are in Hutchinson for the summer.

HONOR IS DUE

"Render therefore to all their dues: honor to whom honor (is due)."

For nine months twelve students have reached a high standard of scholarship, according to the records, and the NORTHERNER wishes to honor them.

Each published honor roll this past year has included these names which facts means that every grade they received has been an A or a B, nothing below. Good luck, honor students:

Valda Adams
Eugene Bartlett
Shirley Aultfather
Duane Butherus
Carolyn Rhodes
Clara Roberts
Raymond Roberts
Carolyn Sherwood
Jerome Thayer
Judy Verlo
Myrna Wadsworth
Betty Jo Walters

Be sure to be here September 6 ready to gain a better Christian education.

DELEGATES AND SPEAKERS BRING MESSAGES

COME! Let us wake up and not be like other people. The sooner we believe and understand Jesus is coming, the faster we and others will be able to complete God's work.

One has to believe in God and know God and God's people. You have to be able to see yourself as a part of God's plan and find your place in His temple of life, and you have to put your all in and keep a tight grip and hold on fast to your purpose.

Get hold of life. That means a Help from above helping you, you in turn helping those by your side. This is the inspiration that Br. Burgeson gave us on Sabbath, June 4.

Elder Haughey spoke to us on June 18, and told us a few of his many experiences he has had in the time he worked for the Lord. I am sure he thrilled the heart of more than one. In closing he told us the background of a hymn and then sang it for us.

Elder Murphy broke the bread of life to us on June 25. He made us realize also the closeness of the coming of our Lord and gave us a little help as we journey the road of this life which we hope will lead us to life eternal.

July 2 the delegates—Mrs. B. G. Butherus, Mr. Don Sherwood, Mr. Bruce Mc Kellip, Mrs. William Bartlett, and Mrs. Erland Johnson—from the Laymens Congress told us of the way they were inspired after attending the meetings. We were all commissioned to do something for God. Let us get on fire

(Continued on Page 2)

Five New Teachers Join M.W.A. Staff

Elder
Ammundsen

Elder E. A. Ammundsen, who has been district leader at Willmar, Minnesota, since September, 1954, is joining the Maplewood faculty this summer to be here as head of the Bible department for the coming year.

Elder Ammundsen spent his pre-college years of education in Minnesota and was graduated from Walla Walla College in Washington state.

The school and community welcome the Ammundsen family to their group with God's blessing, and wish them a successful stay as they join the fellowship groups here.

Miss Joyce Christensen, who is graduating from Madison College, Madison, Tennessee, has just very recently accepted the call to teach piano and organ at Maplewood. She is filling the vacancy left by Frank Araujo, who found it impossible to join the Maplewood Faculty for the coming year.

Miss
Leonhardt

Worship of the Almighty, class discussions, work on the campus, and recreation periods—all of these together make Maplewood Academy the school that it should be for the Seventh-day Adventist youth of high school age in the state of Minnesota.

Maplewood Academy is a city of refuge for the Seventh-day Adventist youth who live in the

 Typists Ruth Farnes, Sandra Julius, Junior Borg
 Adviser Mrs. B. G. Butherus

FRIENDS

This NORTHERNER will reach you around camp meeting time, but the next NORTHERNER will not reach you until school has a good start in September, the school year of 1955-56. What news will that issue contain? How many students will we have? How will the summer have been for you? Will your name be included in the student roster? We hope so.

GOOD LUCK

to each one of you—former students, present students, and prospective students. Maplewood Academy is the school that Educates for Eternity, and plans are being made for each Minnesota academic-aged youth to be here. The summer is progressing fast, and we want to send you a wish

FOR

success in your work this summer. Do write Superintendent Butherus if you do not have a bulletin or if you have any question regarding your work or anything relative to

THE

new school year. We are looking forward to another good school with an even bigger and brighter outlook on life. May the

SUMMER

months bring you to a closer walk with Christ and prepare you for Registration Day, September 6.

And the voice of God called out to the North
 To the South, the East, and the West;
 It called to the boys and called to the girls
 To come on a serious quest.
 The red brick school with the ivied walls
 Held out to the youth who came,
 A torch to bear in a world of care
 A clear and heavenly flame.
 As light sent down to the little school
 Through prayer bands, worship hours,
 The Sabbath school, and M. V. bands,
 A breath of the Spirit's powers.
 Thus tongues of flame are kindled new
 In the lives of studious youth.

—Ethel Hartzell.

This little poem, which I have just used, expresses clearly why we, as students and faculty members, want you to come to our school this coming year. In a worldly school you cannot take part in many of the activities, for they do not correspond with the teachings of our church or with our conscious. If you would come to school here, you would not have to question yourself, "Is it right" each time you are asked to take part in an activity or when some entertainment is announced.

Surely you wish to "get away" from all the worldly associates, temptations, and pleasures so you may gain the goal you are striving for a—home in Heaven.

How better can you do this than by coming to Maplewood next fall and joining our Christian family where we are all of one idea and of one mind—to follow the example of Christ.

C. R.

Teacher Challenges Alumni

Alumni of Maplewood from 1904-1955, you have not changed your goal. You have accomplished and will yet conquer more. To you who have backbones not wishbones, you who have foresight not short sight, you who have planned not pined, you who have accepted the challenge not sidestep it—we here at Maplewood are looking with earnest and sympathetic interest. You have had your eyes on the goal. The call still rings, "Come over to Macedonia and help us." This means but one thing to you—Others.

There is but one avenue to others and that is through service. Service is work performed for the benefit of another. Maplewood Alumni, you are serving in the home, the office, the school, the farm, the shop, the hospital, the church. You are, while serving, warming your own heart and life, and keeping alive the work of the Master, who gave Himself that others might live. Maplewood Alumni, you are keeping your heart warm, your eye single, your mind alert, your feet running to serve others. "May the good Lord bless and keep you."

—Paul Haughey

New Teachers

(Continued from Page 1)

land of Paul Bunyan. Both students and faculty are students in this school—their main textbook is the Holy Bible.

Just as there is a need for doctors, nurses, ministers, and teachers in the denomination, there is also a need for secretaries, stenographers, and other office workers. The commercial department is planning to offer classes in bookkeeping, shorthand, and typing to help train individuals for this type of work.

Come to God's school in Minnesota — the school for God's chosen people. God will bless as we worship, study, work, and play together.

—Joyce Leonhard,
Commercial Teacher

Mr.
Mercer

Greetings from Maplewood Academy Music Department. We are now making plans for the coming school year. We are going to have two new groups in addition to the church choir this year so that all of you who wish may have an opportunity to sing in one of the groups. For the girls there will be a girls' chorus, and for the boys a male chorus.

For those more seriously interested in singing we are offering private lessons in voice. For those who just want to learn the fundamentals of singing or perhaps can't afford to take private lessons, we will have voice classes which meet once a week. There will also be opportunity for smaller groups such as sextets, trios, and quartets.

Another new group this year will be the Academy Band.

Many of you have expressed the desire to have a band, so we will.

If you would like to play in the band but do not know how to play an instrument, try to get one this summer, and next year in either private lessons or classes you can learn to play. We are looking for a large band this coming school year.

Also, for those who play string instruments, we are planning to have a string ensemble.

In the past Maplewood Academy has had a strong Music Department, and we want to keep it strong. For the best in good music, come to Maplewood Academy where you have excellent opportunities to develop.

James Mercer,
Director of Music.

(Sorry the picture and article from William Bassham, Dean of Boys for the next year, did not reach us in time for publication.—Ed.)

VILLAGE STUDENTS ACTIVE

Life in the village has been more active this summer than other years. Sunday evening, June 19, Mr. and Mrs. Erland Johnson took a group swimming over at Lake Allie. The good swim ended with a picnic supper. Um! Um!

On Sabbath afternoons many have been going with the M. V. bands to Lester Prairie and Litchfield with the dormitory students. On June 18, the village group met and sang gospel songs. They plan to have more of these good times during the summer months.

Horace Merickel, the father of Mary Lou, one of our students and summer workers who lives in the village, fell while working on a construction job and fractured his left arm and leg. He has been in the Northwestern Hospital, Minneapolis, for more than two weeks and is expected home soon.

DELEGATES AND SPEAKERS

Alumni News

Marcia Anderson, '55, writes, "I'm already homesick for Maplewood." She was here last week end. Alumni are always welcome.

Elaine (Berglin) Cook, class of '51, and Clyde Cook of Lincoln, Nebraska, became the parents of baby boy named Rickey Allan, on May 23, 1955.

Mr. and Mrs. Don Gilbert (Irene Julius, '51), son and daughter-in-law of Mr. and Mrs. F. P. Gilbert, left for New Mexico, June 23, where Don will take up duties as accountant and teacher at Sandie View Ac-

ademy, Albuquerque, New Mexico.

A baby girl, weighing 6 pounds 1½ ounces, was born to Mr. and Mrs. Kenneth Burgeson (Mary Lou Larson, '54), on July 3,

(Alumni, will you drop us a card telling us of your whereabouts? We'd like to keep in touch with you on the pages of the NORTHERNER.—Ed.).

Elder L. L. Murphy, the former Bible instructor at Maplewood, is to be district leader in Willmar.

Plan to attend Maplewood.

JAN RECEIVES DIPLOMA

BROMME GREET'S SENIORS

EYES AND EARS OPEN—

When you're a book going through the bindery you see and hear a good many things about people. One evening when Beverly Johnson was sectioning me for sewing, someone was telling ghost stories. All of a sudden Orlo Gilbert showed up in the window in front of Beverly. You should have seen how she shook me.

I've heard many songs while being bound, but I think the most-used now are Swanee River and Humoresque. It almost splits the air at times because, you see, Duane Butherus and David Erickson whistle them at the same time instead of singing. Whistling is pretty if they would be in the same key. But somehow I rather enjoy it.

Sometimes I really take a tumble especially if they don't put a skid under me, so I can be raised easily. Evidently there must be a shortage of "skids" by the way some of the bindery workers "fight" over them.

The other day when Kathy Spencer had six "skids" she divided them evenly between Duane Butherus and David Erickson. Duane wasn't quite satisfied, I guess, so he told Kathy she wasn't a friend of his any more. But she said "I never was." I don't understand what that meant, as I'm only a book, but it couldn't have been too bad because the next day I saw Kathy wave back to Duane when he said "Hi" to her.

I keep my ears open all the time in order that I may hear the interesting things they say before I'm boxed to go back to my library.

Mrs. Dean Torkelsen
(The week of June 18-25 Mr. Torkelsen brought in 3,499 books. This is the largest number of books ever brought in for one week. A few weeks ago we were a little behind in our output compared with other years but June 20th a record was made by the cover-making girls. Now, a week later, we are ahead.—Ed.)

"Blackie" Says—

M. W. A. School Farm
700½ North Main
Hutchinson, Minn.

Dear Friends:

You will remember I am the old black dog, "Blackie," at the school farm.

I will try to tell you a little about what is going on. Everything looks pretty good on these 230 acres.

The 30 acres of oats will soon be ready to cut; alfalfa was sowed in all of the oats.

The 40 acres of alfalfa have all been cut; 1940 bales of nice hay have been put in the barn—that really gave the boys something to do for a few days.

The 70 acres of corn have all been cultivated twice, 50 acres of it 3 times, and Mr. Adams says its almost all knee high.

The 30 acres of soy beans have been cultivated twice and are looking fine.

Junior Borg has been mowing weeds the last few days. He's leaving for his vacation Friday, and says he's going to his uncle's wedding.

Maplewood Browsings

Lamb's Tales—

Naw, not for me. I wasn't born on any mountain top in Tennessee, and I didn't kill any bar' when only three, but when they found me I was five days old and hadn't had a drop of milk. In fact, you might say I'm greater than old man Crockett for I lived five days without any food. I'll bet he could not have done that.

I was born on Mr. Howe's farm south of Hutchinson. Mr. Howe called Mr. Adams and asked if he wanted a dead lamb. Now how do you like that — call me dead when I had gone five days without my dinner and it wasn't even my fault. For you know there are some people like my mother who don't want anything but themselves, but, you know, I was lucky Mr. Adams took me.

Now when you go to Mr. Adams' house you have to be good just as Jackie or Johnny, Mr. Adams' grandchildren. Why, one day in Boulder, when they were getting ready to come to grandpa and grandma's here in Hutchinson for a week or so, their mommy said: "Jackie, I want you to be good like the day you stayed at Jane's house."

But Jackie thought that would be a long time and she came up with "But, mommy, that was only one day."

But now to tell about me. At first they fed me with a little bottle, and when I could stand up long enough, I could drink a whole pop bottle of milk and baa for more. I really was just saying thank you, and "Thank you kids for my milk." What was left in their glasses I was happy to drink if it was warm.

Bernd Krzykowski went home last week end and could not stay away, so came back to the school Saturday evening. We wonder why?

Dick Jensen helped us on the farm for two weeks, but had to quit because of his correspondence this summer. The course runs from Hutchinson to Hollandale.

Guenter Krzykowski, that man that is going to be an auctioneer some day, does the milking most of the time.

LeRoy Dockham helped on the farm this spring a while.

Chuck Starks has been working on the farm the last two weeks; he came from southeast Minnesota.

Mr. Adams says every one of these boys has done a good job this spring.

One more thing I want to tell you: We miss that good friend of yours and mine — Miss Larsen.

—"Blackie"

(We understand that a new John Deere tractor has been purchased for the farm. "Blackie" had not observed it yet when he sent this message. — Ed.)

Write to your friends about attending Maplewood.

ed just right, but the only wrong thing was that Dixie's dog, Queenie, would come and drink some of my milk; and when Queenie got to drinking my milk she would come and chase me. Yes, chase me! Just think! A pedigreed dog would do a trick like that — not much like a "queen", either.

When the weather was too cold I got to sleep right in the house, and have a night nurse, too!

Mr. Adams tried to get Mrs. Leeland Torkensen to be my night nurse but he stopped that 'cause they couldn't afford to pay her nurse's wages. When it got warm enough outside, they built a big pen and I had that to play in. Wasn't that fun!!

Oh, but then real tragedy struck! My nurse left for Colorado so I pulled a fast one on Mr. Adams. I made him go back three times one morning before I'd drink my milk when he brought it to me cold; then I almost jerked it out of his hand. Oh, what fun!

But I wished my nurse was back, you know I have a name for her. She's "real gone," well at least part of the time, but when she does come back everybody wonders who is visiting Mr. Adams. Oh, well, they are nice people, cause they like me and I am only a lamb. I wonder what they do for people that everybody doesn't know about. If I could talk I'd ask him and he would tell me, too.

Just one thing before I quit, "Is Texas in the United States?" If it is, they must have sent Gary Hymel gro-pup to make him grow like me and Paul Bunyan, for I'm really growing up.

Davy Crockett,
Great Jess Farm

A LA CAFETERIA—

Who's that at the door? Why, it's the NORTHERNER reporter coming to see the kitchen. As we take her around to the different parts of the kitchen she notices several changes, not only that there are five new girls, but that much work has been accomplished in the few short weeks since school closed. We take her into the pantry where she is very much surprised to see that the shelves, cupboards, and walk-in cooler have been newly painted.

From there we take her to the bakery where she has several surprises awaiting her. Some painting has been done in there, too. She notices that we have some new bread pans and a new oven. We are very thankful for these new items, for we are sure that the hot, tasty, well-done rolls and bread will be greatly appreciated this summer and during the next school year.

As she leaves this department, she feels that with these new improvements the kitchen and bakery will be a more pleasant place to work.

—Karen Opstad

Coming And Going—

The students who have visited their homes: Sandra Julius, Ruthie Farnes, Clara Roberts, Helen Garner, Frieda Denny, Kathy Spencer, Junior and Clifford Borg, Marvin Osvold, Bernd Krzykowski, and Richard Woods.

Recent visitors on the campus: Mr. and Mrs. Albert Johnson, Cecil Conquest, Jim and Fonda Rogers, Mrs. Ingold, Mrs. Thompson and Margreta, Mr. and Mrs. Howard Anderson, Don Olson and Delbert Rees, Walter Denny, Ramona Day, Gene and Valda Adams, Mr. and Mrs. Homer Opstad, Mr. and Mrs. Ezra Russell, Mr. and Mrs. Carl Lehmann, Mr. and Mrs. Thomas Craven and Vernon, Carl Watson and family, Mr. and Mrs. Paul Dahl, Elder S. Haughey, Bob Harper, Jon Rosenthal, Vernon and Beverly Stafford, Mrs. Alice Spencer, Owen Spencer, Mrs. Walter Fowler and Kerwin, Mr. and Mrs. Ralph Wiseman and family, Dorla Roberts, Ernest Priddy, and Mr. and Mrs. Milo Hill.

TIME CLOCK OBSERVES—

Oh! Oh! another person just checked in late. I know, because they always get right in front of me and then give me a hard punch. Sometimes it's so hard that I'm out of order for a few days. I'm in the hospital right now getting fixed up, but I'll be back with the workers soon. At least I hope so.

I don't know as much of what goes on as my two partners do, since I'm enclosed; but I'm right there on the office door, so I do hear quite a bit. I'll tell you a little of what I've overheard.

"We make all kinds of out-door furniture such as picnic tables and chairs. We also make breakfast nooks and wardrobes."

Maybe you'd like to know what our production is on the average each month. I'd say between fourteen and fifteen thousand dollars. Sometimes it's more and sometimes less. For the month of May sales amounted to about 30 thousand dollars.

Would you like to have me tell you a little about our crew too? They do pretty good work and really seem to enjoy themselves. If you should ask me which one enjoys his work the most I believe I'd say Le Roy Dockham. I'll tell you why. You see, some of his girl friends work in the same department where he works. Pretty good reason, eh? At least I think this is the reason, but I suppose I'd better ask him to make sure.

The other guys enjoy their work too; I even hear giggling and whispered pranks sometimes. I guess I'll blame the giggling on to Jerry Karr, cause the others don't do much of that. I don't think he'll mind too much.

Marvin Osvold is our dusty worker. Sometimes he makes such clouds of dust that Mrs. Reyant can hardly work. He gets the floors nice and clean afterwards though.

Well, guess I'll close by inviting you to join the Craftshop workers and have a sawing party every day!

—Anna Mae Mihm

WEST CORRIDOR CATCHINGS

The night of June 28, the girls of West Hall did some much needed cleaning after they checked out in the bindery at 11:30 P. M. The cleaning was completed at 1:00 A.M. They say they never realized how much they missed Miss Lothian and her good work until she went on vacation.

Diane Hoyt was frightened the other day when two boys chased her with a monstrous — a little garter—snake. Diane should have attended the lecture on snakes last year and met "Syvia".

Screams were heard coming from the bath tub, and upon inquiry it was found that one of the girls was reading some old letters. We wonder what kind of letters.

Since Sandy doesn't seem to think. Kathy can get up early enough in the morning, Kathy was awakened to find Sandy in her sleep trying to pull out her bobby-pins. (Poor Kathy).

Why was the stamping room so quiet the other day? Could it be because Pat Judd had her mouth taped shut? (!).

Some of the boys are getting skilled at putting parts of the school pick-up together in a hurry. What's the matter boys? Didn't you want the girls to go swimming?

You don't have to go to a carnival for amusement; just watch Martha ride the buffer down the hall.

Have you ever wondered how you could get glue on the ceiling when you drop it on the floor? Ask

(Continued on Page 6)

Wha' Happen'd?

Question:

What do you think was the most outstanding event of last school year?

Dick Jensen—Junior-Senior picnic.

Clara Roberts—Eleanor Olson's home run at the Junior-Senior picnic.

Jerry Karr—School picnic.

Betty Jo—Long interesting (?) chapel talks.

Gary Hymel—When Mr. Butherus ate his Boy's Open House announcement.

Freida Denny—Sophomore coming out.

Marvin Osvold—Movie at Girls' Reception.

Linda Ingold—The fourth lyceum (snakes).

Duane Butherus—When someone got locked in the dean's apartment.

Sandra Julius—Youth Rally at Fergus Falls.

EAST CORRIDOR CATCHINGS

This summer, Dean Mercer plays papa to sixteen bouncing boys. Such an assortment of personalities, ingenuities and humor makes for a fairly interesting existence.

Ordinary fly killing lacks color and excitement so now the standard method is to pursue the hapless fly with a water pistol until he becomes so overlaid with moisture that he lands on the floor. Then your partner delivers the Coup-de-grace with a rolled up newspaper. This is designed to give the fly a fighting chance and to keep the humidity high.

One Saturday night several of the fellows found sleep elusive so they procured a can of this new fangled spray shaving soap and went to work. In a few minutes the place looked like a barber convention as their victims awoke to find themselves ready for shaving.

When the mood is right, Clarence Starks brings out his guitar and we have a noisy session. Not good, but loud. I understand Dean Mercer has rather strong feelings about some of these gatherings.

The chief entertainment seems to be ping-pong with some of the fellows getting quite skilled at the finer points of the game. The table rarely has a rest, and now that Mr. McCune left there is a scramble for the top rating.

That just about winds things up for this summer issue. Just remember it's bad luck to take your half of the road down the middle.

—Gary Hymel.

Wha' Gona' Happen?

Question:

What is the outstanding event that you are looking forward to most during the coming year?

Beverly Mihm—Christmas vacation, (We wonder why).

Marilyn Chapman—Junior-Senior banquet.

Ronald Thompson—Basketball.

Adele Rossen—Christmas vacation at my home in Canada.

LoNeta Russell—Activities during the school year.

Robert Dahl—Everything except English class.

Diane Hoyt—Loads of fun with Valda Adams.

Karen Opstad—Junior-Senior picnic.

Dale Boyington—Basketball and all sports.

Lola Day—Week ends at home.

Donna Auge—Booster Banquet.

Warren Biegler—Looking forward to graduation.

Joyce Lehmann—Graduation.

NEXT YEAR'S PLANS LAID FOR M.C.C.

I would like to say thanks to all who belonged to the corps last year, for your belonging helped to make it a success. As you know we have the complete uniform here at Maplewood, and it is the plan to have you in uniform for our first class, so be sure to bring a khaki shirt.

Mr. Butherus tells me that it looks as if we will have a large Junior class again this year, so we hope we can have an even larger corps than last year. If you are a Junior or Senior or are 16 years of age, you are eligible to join the corps.

If we get off to a good start this year, we want to get in one overnight bivouac before cold weather sets in. We will need the aid of eleven former cadets to get the new corps in shape for this bivouac. We have the equipment, and I am sure that YOU have the spirit to make this year's MCC a success, the same as it has been the last three years.

—Your Corps Commander,
Lyndon E. Davis,
1st Lt., M.C.C.

Elder and Mrs. Robert Osmunson and children, Marilyn and Billy, and his parents, Elder and Mrs. E. R. Osmunson, Minnesota Conference President, spent Sunday afternoon and evening, July 3, touring the campus and visiting with the Butheruses.

The Robert Osmunsons are to sail July 16 from Montreal, Canada, for Africa as missionaries.

Elder and Mrs. H. W. E. Beavon and girls arrived at Kamagambo Training School, Kenya Colony, East Africa. Elder Beavon has charge of over 100 out-schools. Mrs. Beavon, who is a daughter of Mr. and Mrs. Cecil Conquest, teaches English and sewing in training school.

M. V.'s CONTINUE VISITS

Before school closed this spring, the Student Association nominated the following M. V. officers for the summer months: leaders, Orlo Gilbert and Donna Chapman; secretaries, Betty Jo Walters and Barbara Judd. Mr. Don Sherwood was asked to be the summer sponsor.

The singing bands visit the shut-ins every Sabbath afternoon. One week they go to Litchfield and sing for the old folks at their rest home, and the next week they go to Lester Prairie.

At four o'clock on every other Sabbath afternoon the M. V.'s have their regular program. On the alternating Sabbath the students are divided into bands. These bands are working for M. V. honors. Everyone is having an enjoyable summer in the M. V. activities.

—Orlo Gilbert

Every Sabbath morning the students partake of sack lunches to save work for the kitchen dishwashing crew.

Plan to attend Maplewood.

Message From Booster Club President

Here it is the middle of the summer. Have you written letters to others encouraging them to come to Maplewood next year? Do you have several persons signed up to be here September 6 when school begins? If you don't you had better get paper and pencil right now.

This year our Booster Club prizes are based on a point system: 10 points for each letter written and 50 points for each person registered opening day. To gain the grand prize you must have at least 700 points to your credit. That means really working hard.

The prizes to be awarded this year are a watch, camera, \$10, or \$5 merchandise certificate. Isn't this worth working for?

If you wish to write a letter to a prospective student, send your letter to your Captain. Have enclosed with your letter an envelope having your friend's address on the front. Your captain will pay the postage and send the letter on to your friend. This way we can give you credit for all the points you should receive.

Your captains are: Clara Roberts, Maplewood Academy, Hutchinson, Minnesota; and George Fischer, 3949 Idaho Avenue North, Minneapolis, 22, Minnesota.

Remember, you cannot turn in pre-application blanks after registration begins on September 6. If you need blanks, write to your Captain. Sit down right now and write some letters, won't you?—Clara Roberts, Booster Club President.

ANNIVERSARY OBSERVED

Elder and Mrs. B. G. Butherus celebrated the silver anniversary of their wedding date Saturday evening, June 11, at the Maplewood Academy dining hall with approximately 125 guests in attendance.

The master of ceremonies was F. P. Gilbert.

For the program, Duane, son of Elder of Mrs. Butherus, gave a reading, and Mrs. Dean Torkelsen sang a song. Jennifer, daughter of the Butheruses, played a marimba solo, "Indian Love Call." Mrs. Cecil Conquest read an appropriate selection congratulating the honored couple.

The hostesses serving the refreshments were: Mrs. F. P. Gilbert, Mrs. Lyndon Davis; Mrs. Herbert Christensen and Mrs. Leland Torkelsen.

After the refreshments had been served, moving pictures were shown in the chapel. The many friends of Elder and Mrs. Butherus extended to them their best wishes for many more years of happy wedded life as they continue to serve the young people of Maplewood Academy.

FACULTY FACTS

Mr. and Mrs. F. P. Gilbert just returned from vacationing in South Dakota with relatives, Dr. and Mrs. Freeman Gilbert and family.

Mr. and Mrs. Don Sherwood and family are spending a week in Michigan visiting friends and relatives, and in Chicago on business for the Craftshop.

Mrs. Burgeson was dean of girls until Miss Lothian returned from her vacation last Thursday.

Dean Torkelsen is building on his new home between work and sleep hours; James Mercer is doing interior decorating in his apartment when he isn't busy in the bindery or in the dormitory.

Mr. Burgeson is on the "move again." He isn't on the campus very many hours between moves.

Mrs. Sarah Baker is spending the summer with her daughter and family, the Butheruses.

Leland Torkelsen is going and coming, bring loads and loads of books for the bindery.

Mrs. Haughey has just returned from an extended visit in Tennessee, the family having met her in Lincoln.

Mrs. Adams returned from her visit in Boulder, bringing with her Jackie and Johnny, her grandchildren, for a visit.

WEST CORRIDOR

(Continued from Page 5)

Judy, maybe she can help solve your problem.

Anna Mae Mihm has been sleeping on fourth lately because it is so peaceful. We wonder why she moved down so suddenly.

One of the girls asked the other, when they were hurrying to get ready to go swimming, if she needed to wear a swimming cap.

"No," she answered, "but I have to wear ear plugs in my eyes because I have trouble with my ears." What next!!

One night Betty Jo Walters awoke, got up, took a bath, and started to get ready for work. When she was sufficiently awake to see her watch she realized it was 12:30. How happy she was to go back to bed for the second half of her night of sleep.

Do you know how to "slam"? If you don't, please come to the stamping room of the bindery and join the "slamming bee" there every morning.

One morning Clara Roberts must have been a little on the sleepy side for instead of turning the hall light on she got the wrong switch and the fire alarm went off. Are you awake, Clara?

—Ruthie Farnes

BINDERY GIVES ICE CREAM FEED

"We've reached the goal."

"What goal?"

"Haven't you heard?" responded the bindery worker.

"No! Explain," stated the inquirer.

"You see," began the worker, "Mr. Haughey encouraged us by promising all the ice cream we could eat if we'd meet the goal of binding 1,850 books for two weeks in succession. We did it!"

This was overheard on the evening of July 4 when all the Maplewood family was invited into the dining room to join in with the bindery crew in their ice cream feed. Many gallons of ice cream were eaten by the enthusiastic, hungry group of students, workers, and faculty.

Before the ice cream was eaten, the bindery officials, Mr. Haughey and Mr. Torkelsen, served an appetizer of egg salad sandwiches, potato chips, and coconut bars.

STUDENTS ENJOY GAMES

The recreation at M. W. A. this summer is not in full swing yet. It has just become warm enough at the lake to swim. We have been swimming twice and hope to go more often in the future.

Ping-Pong (or table tennis) is the most popular sport in the boys' dorm, with nearly all the boys participating. There are about five top-notch and evenly matched players, and the games are very interesting.

The one reaction in which everyone can participate in is standing around and joining in the "gab and watch circle." Come and join us. It's fun!

—Duane Butherus
