MAPLEWOOD INDUSTRY

Since the M.W.A. dining room has moved to its new quarters, the bindery has been expanding. The old bakery has been converted into an attractive new office for Mr. Dean Torkelson. Mrs. Ewer is his secretary.

Let's take a guided tour through the bindery with Mr. Mike Bogdan-ovich. We would find Mrs. Hoffman and Linda Ingold busy in the "checking in" department. They send the books on to Sharon Andersen, Modesta Chuquimia and Edna Starks who check the books for mending, missing pages, etc.

Allan Ingold can be seen industriously cutting backs for the books under repair.

Edna Starks also sections the books, as the next phase of the process.

Valda Adams, Emilie Carlson, and Bonnie Borg are the ones who sew the books. They can be seen sit-ting at the huge sewing machines in the big main room of the bindery.

The next phase of this industry takes place in the end sheeting de-artment where Dot Noison and Barbara Bartell "bone in" and turn

the books.

George Windler next takes the books in hand and gives them a good trimming! (It really doesn't hurt them!)

When Tom Baker gets them they

are all ready for pounding and being glued.

Guenter Krzykowski does what they call "boarding" and also "backing" to make the books lie

It takes quite a crew, to "lay covers" so Wayne Judd, Jean Peterson, Modesta Chuquima, Joanie Campbell, and Betty Johnson do

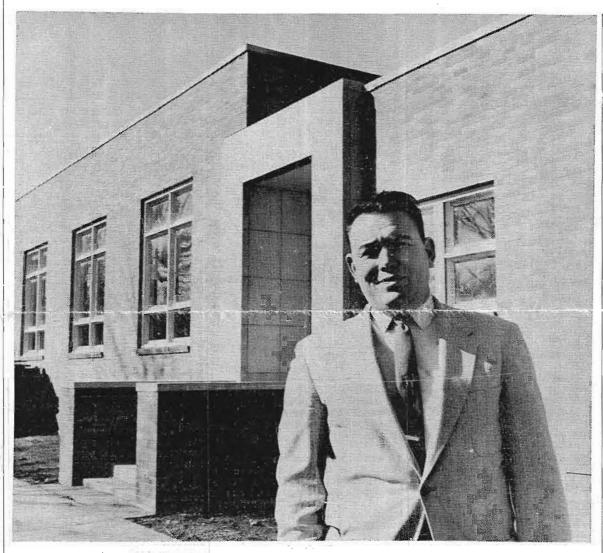

Mrs. Whittaker and Alvina Russell stamp the titles on the book covers and Thurman Petty does the "casing in".

Last, but not least, Mrs. Philip

Schwab and Floyd Andersen have charge of the "shipping out" room—that's where the newly repaired books are wrapped and sent to various customers.

In case you wonder who bills you for the work done, Mrs. Dallas Hansen and Yvonne Petersen do the

AMATEUR HOUR

Hurrah! for Harry!

For whom? Why, Harold Roscasen, of course. He won the grand prize, Saturday night, April 12, when the annual Maplewood Amateur Hour took place. Principal L. E. McClain was M. C. for the evening.

The program was divided into four parts in which various students displayed their talents. The four sections were serious music, light music, readings, and novelty numbers.

From each of these sections first and second prize winners were chosen and from the four finalists a grand prize winner was

Saundra DeRemer took first prize of \$5.00 in the serious section with her brilliant performance of "Rondo in A M'ajor" on the piano. Joyce Anderson was awarded \$2.50 for second place with her organ

Harry Rosaasen placed first in the light section with his electric ing, evening for all.

accordion, which also won him the grand prize of \$15. $W\alpha\gamma ne$ Judd, dressed as a sailor sang, "Sing Me a Chantey," taking second place in this section,

"So Was I" were the familiar words in the winning reading given by Wayne Judd, who portrayed a mischievous little brother who pestered his sister's beau once too often! Yvonne Petersen, dressed as a worn out German widow, won second place with her humorous reading "Yashidda Love" telling of her poor husband's unfortunate death.

Many novelty acts were given, but the Sophomore Trio with Stan Plumb's assistance) took top honors. They sang "Three Little Maids" which had a surprise ending. Margi Kisor, Gwendolyn Husted, and Rosemary Anderson composed this trio.

Stan Jones took second place with his pantomime of "Lord Randall."

The many guests who attended the Amateur Hour made it a successful, as well as an entertain-

a new era at Maplewood Academy. For 54 years students attending Maplewood ate in the basement cafeteria under the boys' dorm. But March 21 was the first day the students ate in the newly finished dining room housed in the basement of the new music building.

The spacious dining room will comfortably serve 150 people at one time. The huge dining hall is painted a pastel green and brightly lighted with neon lights. Beige draw curtains with choco-late brown and cherry red designs cover the 8 large windows. Nine tables seating 6 people each, 12 tables each seating 4 people and 4 banquet tables seating 10 people at each makes the dining room a very attractive place to eat.

The kitchen has many modern conveniences to help our matron, Mrs. Julia Godfrey, perform her daily tasks. A new dishwasher makes Ronnie Jones very happy since dishwashing is his duty.
Lois Schlenker, Gretchen Rohlf, and Cleora Hanson help with scraping dishes that are received at the formica covered deck. Each student brings his own dirty dishes to the receiving deck which makes the work lighter for the kitchen crew.

Joyco Jacobson, Geri Schlenker, Kathy Lund, Connie Larson, and June Thygeson wipe the dishes June Thygeson wipe the after they've been washed.

Benny Chilson and Dean Ditt-berner rub off the elbow grease as they wash pots and pans. as they wash pots and pans. Benny is the chief baker, too, who makes the delicious Sabbath rolls.

makes the delicious Sabbath rolls.
Every morning Esther Beyer rises bright and early to help Mrs. Godfrey prepare breakfast.
Rose Marie Burgeson, Rosemary Anderson, Laila Lehto, Marion Sherrill, Lorraine Shaw and Saundra DeRemer are on hand when it's time to serve. We meet them at the serving deck. After everyone leaves the dining room, cleanup must begin. That's when Rose Marie, Rosemary, Laila, Marion and Marie, Rosemary, Laila, Marion and also Sharon Johnson sweep the floor and wipe the tables. We are enjoying our new facilities which provide a pleasant atmosphere for all and help many students earn their way through the academy.

SPRING'S HERE!

Spring greets us with a cheery note. It seems wonderful to be alive! Birds singing, the first sign of flowers peeping through the moist earth, the gradual greening of the lawns, and the new buds on the trees fills young and old alike with new springtime energy.

But do we sometimes take these blessings for granted? I like the thought expressed in the following poem.-by Nick

Kenny.

"If only once in a lifetime The stars came out at night, If only once in a lifetime We saw the sun shine bright, We'd watch for them with such rapture That tears would bedim our sight.' "If only once in a lifetime We saw the flowers bloom, And heard the laughter of children Light up a lonely room, We'd give our hearts to recapture One sight of them in the gloom!"
"Yet every day in a lifetime These blessings are waiting there-The sun, the stars and the flowers And the laughter of children fair, But we blindly take them for granted— These every day joys, so rare!" —by Joyce Anderson

THE JUNIORS

The juniors have chosen their motto, aim, and class flower. The motto, and, and class flower. The motto is Our Guiding Star Leads Heavenward. The aim is To Follow The Gleam. The class flower is the white rose.

During the last month the juniors have had two class functions. The first one was a pire food.

The first one was a pizza feed, which was held in the music building. Everyone had all the pizza he could eat. Salad, pickles, milk, ice cream and cookies were also served. After supper, the juniors served. After supper, the Junious saw a film, which all the students

The second function was a party in the North Woods. To start everything, the whole school went to the North Woods for supper. After everyone had eaten, the classes went to different parts of the campus. The juniors remained in the North Woods where the following games were played: I send, Pom, pom, pull away, Drop the handkerchief, Three deep, and Hide and go seek. It was fun hide and go seek. It was fun hiding behind the trees and re-minded the juniors of their childhood days. After this they went

The juniors have a nice-sounding trio composed of Marlene Ellstrom, Joyce Hochstetter, and Joanne Dennis.

The juniors are looking forward the junior-senior picnic and other functions.

TEEN COMMANDMENTS

1. Don't let your parents down. They've brought you up.
2. Stop and think—should you

drink? 3. Be smart, obey-you'll give

orders yourself someday.
4. Ditch dirty thoughts fast or

they'll ditch you.
5. Show-off driving is juvenile.

Don't act your age.
6. Pick the right friends to be picked for a friend.
7. Choose a date fit for a mate.

8. Don't go steady unless you're ready.

9. Love God and neighbor. 10. Live carefully. The soul you save may be your own.

At a Junior class function not too long ago in the North Woods a small blonde was having great fun; however she became slightly embarrassed a few times. We found that Marlene Trana carried

as well. Joyce Anderson was sitting at one of the sturdy picnic tables eating, and upon seeing that Marlene was ignoring her somewhat, exclaimed, "What are you, Marlene—antisocial? Come on over and sit down!" Joyce roared the order loudly enough so that everyone heard, and both girls had the attention of all.

Marlene did come. Marlene
did sit. But, ah, the table did
crumble. Miss Trana was just more sturdy than the table, so under the pressure, the legs cracked as toothpicks. Marlene calmly proceeded to turn every color of the rainbow, and onlookers were much amused over this incident.

THE CRAFTSHOP REPORTS . . .

Industry is on parade. This month we can report a new product from the MWA Craftshop. A new type of furniture—Vandy-Craft Oak—is being made. It is a blonde wood made up nicely into end tables, lounge chairs, and corner tables. The furniture has a rustic look about it as the legs are carved, and wooden pegs fasten the furniture together. This furniture is entirely assembled in the Craftshop and goes to the cus-tomer completely ready for im-

mediate use.

The Craftshop still makes its famous redwood products—picnic tables, etc. It employs about thirty student workers.

THE FRESHMEN

The freshmen had their share of pizza at their class party several weeks ago. The pizza was de-licious and there was plenty of it, too! In fact, there was a whole pan left for us to give our roommates or anyone else who was "pizza hungry" after we had eaten our fill. We all "freshened up" with 7-up, lime, and orange sherbet.

Before watching the humorous film, "Paradise for Buster," we tried unscrambling words—rivers, parts of the human anatomy, etc. Some of them were real brain teasers.

Winter is gone. Spring is here. Once again we gather as a class on the front campus for the regular prayer bands each Friday evening after Vespers. As we look into the heavens, the twinkling stars draw us ever closer to our Creator.

We're glad to see Jo Anne ("little Jo") Lushanko's smiling face back with us again. She just returned from a two weeks' vacation in California. When asked what she thought of it, Jo Anne replied, "I liked it and all, but I'd rather go to school here." (the M. W. A. spirit!) While out West, Jo Anne lost something—her pony tail.
Cleora Hanson went on a week-

end trip to Chicago with her parents several weeks ago. Like most people, she agreed, "It's a wonderful place to visit, but I'm glad I don't live there."

Last week we freshmen enjoyed eating our supper together in the lovely new dining room and were the first ones to use the new banquet tables.

SPORTORAMA

Baseball is the popular sport in season now. Many ambitious boys have helped make the nice ball diamond in front of the church school. Here several exciting games have taken place this month

While the seniors were gone on their trip to Lincoln, the juniors played the freshman-sophomore team. The first game was a victory for the freshman-sophomore team with a score of 15:9 in their favor. The second game was won by the juniors with the score 6:2. The final game was played to determine the winner. This exciting game was won by the juniors with much cheering from the rooting sections. The final score was 15:6 in the juniors' favor. As has been Maplewood's good sportsmanship custom for years, the winning team cheered the losing team, so all went away happy, ready to return for future games.

HARMONIOUS JOTTINGS

We wish to thank all those who had a part in making the "World's Finest Chocolate" campaign a success. The profit amounted to \$125.00, which will go toward buying collapsible risers.

The campaign, which was launched March 15, really ended with a climax on the 30th. With over 300 delegates here at MWA With for the Constituency Meeting our campaign came to a successful end because of the tremendous sale that day. Martha Craven alone sold 114 bars of "World's Finest" and was awarded \$5.00 for her individual efforts

The choir officers-Bob Link; vice president, Thurman Petty: and secretary-treasurer, Petty: and secretary-treasurer, Connie Bergquist—organized the choir and band members into four teams, with sales progress marked on thermometers placed in the hall of the music building.

Joyce Anderson's team placed

first and for their prize the team members were given all the beer floats they could eat. Katie Houchins' team came second with Thurman Petty's third and Wayne Judd's fourth.

Martha Craven, Betty Johnson, Katie Houchins, Allen Hansen, and Carolyn Sherwood all sold over 30 bars and each received a "World's Finest" free.
We now have 50 metal chairs,

which make an attractive addition to the lovely rehearsal room.

On April 19 about 20 choir and band members went to Minneapolis to present an M. V. program at the Stevens Avenue church.

The senior trio-Clorene Anderson, Adriel Wixson, and Evie Johnson—went with Mr. McClain to Wadena on the 29th of March. They sang at Red Wing April 12

Recently Joanne Dennis, Carole Horst, and Don Jacobson—the clarinet trio—and Harold Rosaasen with his accordion, played for the Farm Bureau of Hutchinson

On the Sabbath of the 29th of March the Sabbath school orchestra gave its first special number, which had been arranged by Miss Manous' father.

ADVANCES IN **PHYSICAL** THERAPY

Recent advances in physical therapy were reviewed here April 1 by Mr. Charles Thomas and Dr. Russell Youngberg from the College of Medical Evangelists, who are currently on a 43-state, 19,000-mile tour in the interest of physical therapy. The Birtcher Corporation, manufacturers of medical electronic equipment in Los Angeles, is sponsoring the tour.

"It seems especially fitting that Adventist constituency made more aware of the emphasis on physical therapy at this time," Youngberg said.

"An increasing number of young people are choosing physical thera py careers because of the unsurpassed opportunities for spiritually strengthening their pa-tients while restoring them physically through such natural means light, exercise, hydrotherapy, electric massage, and rehabilita-tion procedures," he said.

Physical therapy, which was urged by Ellen G. White from the time of her first health counsels, is receiving renewed emphasis at the College of Medical Evangelists and other educational centers.

CORRIDOR CATCHINGS

This month has been rather dull -very unusual, but it happened. You see, first the girls went home for spring vacation. When they for spring vacation. When they got back they all had spring fever and that means just nothing gets

The seniors had been busy preparing for their trip to Union College. They left very early (3:00 a.m.) the morning of April 13.

THE SOPHOMORES

"Where's the pizza? I'm getting hungry." More than one sophomore could be heard saying this as they impatiently waited for the pizza makers to bring their finished product up from the kitchen.

While the cooks were busy putting the finishing touches on the dessert of strawberry shortcake, the sophomores could be seen goback for second and third helpings of pizza and plenty of fruit punch.

When the dessert was brought in everyone groaned, but from the way it disapeared it seemed as though each person had found an empty corner in his stomach. MAPLEWOOD'S SENIORS MAKE ANNUAL JOURNEY

On the morning of April 13 at dale from Missouri, and Union the early hour of 3:00 o'clock, forty-seven Maplewoodites, including faculty members, drivers, and seniors, began the annual journey to Union College in Linguist Nebrooks coln, Nebraska.

After seven hours of traveling, the seniors arrived at the Union College campus and were graciously accepted by two hostesses and two hosts, (Vivian Dailey, Loella Anderson, Don Berglin, and Duane Ytredal—all former students of Maplewood Academy).

The first step into college routine was registering and getting meal tickets. This took place in the administration building. During this time Maplewood's seniors began making new immediately friends with the seniors from other academies.

In the afternoon the girls gathered in the parlor of the women's dormitory for a special tea with the deans. Later in the afternoon some enjoyed swimming others took part in the mixed skating in the gymnasium.

After a delicious supper, an gan concert was given in the College View church by a number of college students. Following the musical entertainment, a basketball game with college freshmen vs. academy seniors was played.

Monday brought excitement.

The day began with morning votion in the dormitories. A After hearty breakfast the seniors visited classes. This part of the program proved to be very interprogram proved to be esting. During the regular chapel period each academy presented a musical number. Clarence Hensel represented Maplewood with a vocal solo, "Sea Fever." Clarence received an honorable mention award.

Elder Lauda spent a few minutes with the students from Minnesota and gave them a very pleasant and possibly much needed surprise. Each student received a one-dollar bill with the compliments of the Minnesota Conference. It was then that the sen-iors were informed by way of telegram that the junior class at Maplewood just couldn't do with-out them. Of course, the juniors also reminded the seniors to hurry home.

Before dinner the seniors had a chat with President Bieber. Monday afternoon brought a band concert by the Union College Concert Band assisted by an All Senior band. Thurman Petty and Eu-Bartlett participated Maplewood's representatives. Following this the seniors were taken on a guided tour of the college. We learned much from this experience.

At 7:00 o'clock, dressed in their best, the seniors attended a lovely banquet, planned especially their honor. Concerning their recent excursion, some of the seniors have expressed themselves thus:

All in all the trip proved educational, entertaining, and has convinced me to further my education at Union College.—Connie Bergguist

The boys' dorm was the place that interested me the most. Unlike here at M. W. A., it had run-Unning water in all the rooms. The dorm had six showers to a floor compared to our three for the whole dorm! It was time well spent visiting Union College .-

Our tour of the Nebraska State Capitol building was truly fas-cinating, too, for it is said to be one of the three most beautiful governmental buildings in the world. Someone has called it the 'eighth wonder of the world."-Carolyn Sherwood

The first thing that impressed me was the manners and friendliness at Union College. I especially noticed this in the men. While in the dining room, they don't stop with seating the women, but they hold their trays, have very good eating manners, help the women from and they after the meal.—Adriel Wixson

Union College is a very nice
place, and I think I will enjoy going to school there. Almost everybody is really friendly and that makes it a lot of fun.-Jerry Kerkhoff

All in all I thoroughly enjoyed the trip and the friendliness of the students at the college.— Emilie Carlson

From the time I got up at 2:00 a.m. Sunday, through Sunday night's basketball game, Monday's tour of the campus, Tuesday's tour of the penitentiary, capitol, airport, and historical museum and Wednesday's trip home by way of Boys' Town and the Grotto, I enjoyed myself to the utmost.—

MISSIONARY VOLUNTEERS

"I'll Share My Faith" was the theme for the M. V. program on March 22. Elder Finck gave an inspiring talk on "Operation De-sire," which is placing the book Desire of Ages in all motels and hotels in the vicinity. The M. V. Society has decided to do this with part of the offerings that it has received. A few stories were also read about sharing our faith.

The following week Mrs. Belko read an interesting and amusing story entitled "As a Grain of Mustard Seed." It was about a little girl who had always wanted to be a boy and she had faith to believe that God would make it so, if she prayed hard enough

The tape recording and film-strip on Desmond T. Doss was played and shown on Sabbath, April 12. It was taken from N. B. C.'s program honoring those who have received the Congressional Medal of Honor. Desmond T. Doss, a Seventh-day Adventist in the army, was instrumental in saving the lives of a large number of wounded soldiers while under fire. The Medical Cadet Corps camp in Grand Ledge was named Desmond T. Doss Camp in his honor and was established to give pre-induction training to young men who have reached the age of military service.

GOLDEN CHORDS **CHORALE**

At approximately 6:00 p.m. March 28, 1958, the large bus with the words "Golden Chords, Union College" on its side rolled onto the MWA campus and came to a stop behind the girls' dormitors. itory.

Out of its open door stepped forty-some Union College students who had come to sing for us at the Friday night vesper service. The Golden Chords had arrived!

At 8:00 that night they presented their program of sacred songs. Among the more familiar ones were: "Beautiful Savior," "Jacob's Ladder," "A Mighty Fortress is Ladder," "A Mighty Fortress is Our God," "How Lovely Is Thy Dwelling Place," besides a num-ber of other beautiful selections.

The Unionaires, a group consisting of 13 persons presented a Negro Spiritual, "Soon Ah Will Be Done."

The featured soloist of the evening, Miss Carolyn Rhodes, sang with choir accompaniment, "I Want Jesus to Walk With Me."

A violin duet, "Violin Concerto in D Minor for Two Violins," was played by Natalie Deming and Or-lo Gilbert, the latter being a former student at Maplewood Acad-

The program was climaxed by a selection, "O Thou in Whose Presence," followed by a spoken and a choral benediction.

Friday night found the Union College students situated in the dormitories; although the regular occupants of some of the rooms had to double up with other students, no one found it an incon

Bright and early Sabbath morning the Golden Chords Chorale was on its way, this time to the First Seventh-day Adventist Church, St. Paul, Minnesota. We thank everyone who had a part, and we hope they will return again soon.

Mr. Hooper acting as chairman introduced the members and expressed appreciation for the invi-

tation to worship with the church.
After the church service, dinner
was served to the Crusaders before returning to Maplewood.

Seniors: Before you can march to the strains of 'Pomp and Circumstance', this hurdle must be cleared!

MINNESOTA, THE GOPHER STATE

Minnesota "The Gopher State" is celebrating its 100th anniversary this year. On May 11, 1858 Min-nesota had enough people to be admitted to state hood. Today the population is about 3,132,000.

Saint Paul is the capital city Minneapolis is the only city that has a population bigger than Saint Paul. Minnebigger than Saint Paul. Minne-apolis and Saint Paul are usually known as the Twin Cities. The middle of the Mississippi River is the dividing line of the two cities. Together they form one metro-politan trade center, which ranks eighth in the United States. Nowhere else have two cities in such close proximity, born at almost the same time, grown to a status so nearly equal. Saint Paul. Minneapolis, and Duluth are the three biggest cities in Minnesota.

Minnesota got its name from two Sioux Indian words mean sky-tinted water. Its nick-name is "The Gopher State" bename is "The Gopher State" be-cause of the striped ground squir-rel found within its border. It is also called "North Star State" for its motto and "Bread and Butter State" because of its large crops of wheat, its flour mills, and large supply of dairy products.

The state bird is the Goldfinch

and the state flower is the Lady's Slipper, or the Moccasin Flower.
"Hail Minnesota!" written by T.
E. Rickard is the state song.
The author Longfellow called it

the land of Dacotahs, where the falls of Minnehaha, "flashed and gleamed," and rivers rushed through, "palisades of pine trees." It is hard to believe that Min-

nesota was once a place where the terrors of Indian massacres, the sight of browsing buffalo herds, and acres of forest that have been converted into organized acres of industrial cities, rich farms, colleges, and parks. There have been forty-five million acres of forest, lakes, rivers, and prairies converted into organized acres as we see them today.

Minnesota is still the paradise for vacationers with its towering pine forest, which fill the air with their fragrance, and the abundance of wild game. There numerous state parks in Minnesota: Itasca State Park, where the Mississippi River begins, Gooseberry State Park by the shores of Lake Superior, Jay Cook State Lake Superior, Jay Cook State Park, and many others. Minnesota is the birthplace of the Mississippi River. Paul Bunyan has been credited with many of Minnesota's principal resources and attractions. The statues of Paul Bunyan and Babe, his blue ox, stands today on the rim of Lake Bemidji, Paul Bunyan's playground lies in the Superior National Park. There are also many other series There are also many other series of places in Minnesota that attract the vacationist from all over the states of the United States.

Minnesota leads the United States in butter production and in dairy products. It is largely due to the Danes that Minnesota has achieved its enviable position as a leading butter and dairy producing state. During World War II Minnesota led in shipping butter and dairy products to the ter and dairy products to the United States Armed forces overseas as well as in the United Kingdom in World War II.

Minnesota usually ranks first in the production of barley, flax, rye, sweet-clover seed, and prairie hay. It is second in production of oats. Minneapolis is the heart of the spring-wheat belt, and is one of the world's greatest milling centers. Millions of barrels of flour are manufactured yearly. In Saint Paul on the banks of the Mississippi River are great slaughtering and meat packing centers. Further North along the shores of Lake

Superior is the deepest open-pit mine on earth. The ore output is about 70 per cent of the entire United States.

The first people were, of course the Indians. The most common Indians were the Chippewa and Sioux and the Ojibwa.

The French and English missionaries, explorers, and fur traders were the first white men. Later on Swedes. Norwegians. Danes, Germans, Irish, and Canadians were attracted by the fertile farm land and began to arrive in large numbers. They help set the patterns for Minnesota's political, cultural, industrial, and professional life.

The first school for the white was at Fort Snelling. The words of the commandments taught the children their three R's.

In Faribault there is a school for the blind, the deaf, and the feeble-minded. There are schools for crippled children in Minneapofeeble-minded. lis and Saint Paul. Minnesota's Educational System has grown rapidly in the past few years. Little log cabins and country schools have grown into big city public schools. The need for more schools is in great demand all over the

MY FIRST DAY AT AT THE ACADEMY

My first day at the academy stands out in my memory as being the most different thing I've ever experienced. My feelings were undescribable. One of my feelings was the feeling of adventure and excitement. I love excitement and adventure. Here was something new and different that I could explore. I had another feeling, a very normal one I think. That one was emptiness. Don't take that wrong. I said emptiness, not homesickness. They are two different things, you understand. Then there was that scary feeling that you get when you enter new territory.

My first appearance in public

was when I ventured out to eat supper that evening. Students peered around this and that just to have another look at just another new girl. The supper was good and to my liking. After I had gotten ready for bed that evening and had the lights turned off, my roommate and I got acquainted. We talked until two o'clock the next morning. Many a night we talked far into the night and into the wee hours of the morning. In the mornings I would get up at five minutes to eight and I would be at work by eight o'clock. At home it took me an half an hour to get out of bed, not to say anything about getting dressed. One good thing I learned was to manage my time. One morning I remember vividly was the time when I dragged my roommate out of bed to clothes at four o'clock in the morn-Thus started my academy ing!
