# DEDICATION

Mrs. Lorrene Smith has molded the lives of little children through her love, understanding, and her talented teaching. She is always there not only to teach the elementary skills but to guide and comfort the children through their problems.

Mrs. Smith has taught first grade for seven years and first and second grades combined for three years, for a total of ten years at Minneapolis Junior Academy.

Above all, Mrs. Smith, your close relationship with Christ has been an inspiration to the students and faculty. Your talents, creative skills, teaching, and your experience with Christ has been an inspiring influence on us at Minneapolis Junior Academy.

In appreciation of what you have done for us, Mrs. Smith, we dedicated the 1981-82 annual to you.

# PRINCIPAL'S MESSAGE

1981 - 1982

The school year of 1981-1982 at Minneapolis Junior Academy has been a year of successes and growth. All experiences in life are not pleasant, but the Christian knows that God is always present to enable success to occur inspite of apparent dissappointment.

I have enjoyed my experiences with the students, staff and parents of MJA, and I look forward with anticipation to great and marvelous things as the Lord leads in His school.

To you the students of MJA, I have a challenge to give. Christ is coming — are you ready for that event? Will you commit your “nows” toward that end? Turn off the world and turn on God in your life.

God has a plan for each of you. He has a future for His creation and He has given you a seal, the SABBATH, where by you will be known as His own. Won't you respond to this challenge and present before your families, friends, and neighbors the hope of salvation?

May the memories in this publication reflect positive evidence toward the above challenge.
